

SMU Professor Will Speak to Business Men

DR. SARTAIN

Dr. Aaron Q. Sartain, professor and chairman of the department of personnel administration, Southern Methodist University, will be speaker and consultant for a conference for Canyon businessmen, to be held at the West Texas State College cafeteria March 31.

The conference, sponsored by the Canyon Rotary Club's vocational service committee, will be in two parts. A 4 p. m. to 5 p. m. meeting will be for Canyon business owners, and a dinner at 6:30 p. m. is planned for businessmen and their employees as special guests. The public is invited and reservations may be made through the Rotary Club.

Dr. Dudley Moore, chairman of the vocational committee, said the dinner meeting will be aimed "to show the importance of the people who work in the community's businesses, and the role they play in the community and nation."

Dr. Sartain has lectured widely in Dallas and the Southwest on subjects relating to psychology and especially to human relations in business and industry. He has served as consultant to or done supervisory and executive training for such firms as Braniff International Airways, Shell Oil Company, Blue Cross and Blue Shield, Cities Service Refining Corporation, the Southwestern Greyhound Lines, and others.

The speaker received his B.A. degree from SMU in 1928, his M.A. from SMU in 1930, and his Ph.D. from the University of Chicago in 1939.

Dr. Sartain is a Fellow of the American Association for the Advancement of Science and of the American Psychological Association. He is a former president of the Dallas Personnel Association, the Texas Psychological Association, and the Board of Directors of the Dallas Child Guidance Clinic.

He is a member of Phi Beta Kappa, Sigma Xi, honorary science fraternity, the Society for Advancement of Management, and the Town and Gown Club. He is also a member of the panel of arbitrators of the American Arbitration Association, and of the Commission on Labor-Management Organizations of the National Conference of Christians and Jews. He is currently president of the Southwestern Psychological Association.

Bill Clifton Was Given Award Sat.

Bill Clifton, graduating Buffalo of Childhood, was given the Rotary Club award, Saturday night for the most valuable player of the season. Clifton was noted for his work under the screen and snatching the ball before the opponents could get it on missed shots.

Dr. Dudley Moore made the presentation, and announced that this would be an annual gift to the outstanding Buffalo.

All Mail Into Canyon by Truck

Starting April 24th, Canyon will receive and dispatch all of its mail by highway truck service. Two trucks will be put on for the west, and this new service will then be put into effect by the government.

Highway mail service is something new in this section. The trucks will carry the driver and mail man who will work the mail for delivery at each town to which the service is assigned.

Postmaster Guy Harp says that he has never seen one of the mail trucks, but has pictures of them. He states that it will be necessary for the local office to arrange the back entrance of the office so that mail received or for dispatch after regular hours may be locked in the back vestibule.

One of the postal inspectors was here Monday and advised Harp of the changes to be made.

M. C. Shelton of Tipton, Okla., spent last Thursday night in the home of Mr. and Mrs. Guy B. Tabor. Mr. Shelton is the uncle of Mrs. Tabor.

The Canyon News

Fifty-Ninth Year

Canyon, Texas, Wednesday, March 23, 1955

Number 50

Await Verdict on Cowboy Hall Fame

The locating committee for the Cowboy Hall of Fame has completed inspection of the ten towns which were in the running for the site.

What are Canyon's chances in the final selection?

The whole committee will meet in Denver on April 15, and at that time the inspection committee will present the five top towns to be considered.

It was reported that the locating committee was not highly impressed with the location north of Canyon on the T-Anchor ranch because the building could not be seen from the north.

The museum in Canyon was considered ideal, but the location did not meet the specifications as laid down by the committee.

The location to the east of Canyon was good, but off the main highway.

"Canyon will be in the top five towns to be considered," stated

an official of the Panhandle-Plains Historical Society yesterday. "We may not be awarded the location, but we will be in there fighting for a good cause," was his evaluation.

No one will know definitely what the full committee will decide until the meeting in Denver on April 15.

All towns which have been inspected are just as confident as Canyon that they will get the Hall of Fame.

Hereford Pastor to Conduct Meeting

REV. S. M. DUNNAM

Rev. S. M. Dunnam, pastor of the First Methodist Church of Hereford, will conduct a revival meeting at the Methodist Church in Canyon beginning next Sunday morning and continuing through Friday night.

Services will be conducted each evening at 7:30 o'clock by Rev. Dunnam. Praise and prayer services will be held each morning at 10 o'clock.

Rev. Lester Hill has announced that a continuous prayer meeting will be held Saturday morning until Sunday morning at 6 o'clock. A cordial invitation is extended to people of all faiths and to those who have no church preference. "Your presence will be greatly appreciated," stated Rev. Hill.

Bufs Whip Exes in Game For Charity

Members of this year's Buffalo basketball team defeated the champs of past years by a score of 93-72 Saturday night at the fieldhouse, in a game played for the benefit of playground equipment.

The Rotary Club sponsored the game, having pledged \$5,000 for playground equipment for the new park.

The exes played a stellar game for the first quarter, but time soon ran out for the exes as well as breath. For instance, big Joe Fortenberry who was elected six times to the All-American team, played but a few minutes and was unable to score. He has not been playing this year. Nolan Poteet scored 18 points; Austell Burrus, 11; Fred Green, 10; J. W. Malone, 9.

Ten of this year's Buff team played, without the services of Ray Burrus, who was in Fort Worth. James Scott and John McClure each scored 16 points; Lawrence Overcast, 15; Bill Clifton and Harold Overcast, 11 each; Rookie Rogers, 10.

The game was played under 1956 rules, with few fouls being called against either team.

The Rotary Club profited \$800 toward playground equipment. President Frank Morgan of the Rotary Club thanked the many individuals who assisted with the game.

SISTER OF SILAS HART DIES

Mrs. W. H. Mathis of Oklahoma City, Oklahoma, sister of Silas Hart, died Sunday. Mr. Hart was unable to attend the funeral.

SISTER DIES

Mrs. J. W. Bush of Plainview, sister of Mrs. Borden Price, died on Tuesday, March 15.

Rev. T. Winston Wilbanks and J. D. Barker spent last week in Chicago attending the annual national meeting of Presbyterian men.

Request Forms For Polio Must Be Returned Fri.

"Parents of 265 children who are enrolled in the first and second grades of the Canyon and Umbarger schools were sent polio vaccination request forms last Friday, and are to send them back to the children's teachers by next Friday, March 25," said Supt. Joe A. Gibson.

These request forms, signed by the parent, will entitle the child named to free vaccination against polio, when and if the Salk vaccine is released for use in April as is expected.

Already school authorities, the county health officer, Dr. R. P. Jarrett, doctors, nurses and other teachers, and volunteer workers have everything in readiness for the program. The vaccine will be ordered just as soon as March 25 comes so that the program can be completed before the close of the school year if at all possible.

Many people have asked if this is the same inoculation that was given Randall County children last year. "It is not," Dr. Jarrett explained. "Last year children were given gamma globulin shots. Gamma globulin was given to provide temporary protection to children."

"The Salk vaccine is a proved vaccine; if given, it will not be experimental." The Salk vaccine is given in three doses. The second dose is given one week after the first, and the third dose is given four weeks after the second.

If the program is begun just as soon as the vaccine is licensed, it will mean that the children of these two grade-age groups will have its protection before the opening of the season when polio is worst.

"Our most important problem right now," said Mrs. T. V. Reeves who heads the educational program for the locality, "is to keep parents reminded to get the request forms, properly signed, and back to their children's teachers by or before Friday of this week. Only enough vaccine to take care of the number of requests on hand at that date will be ordered."

Yesterday Mrs. Reeves together with workers from Hereford went to Camp Carter near Fort Worth for three days' training. Every county in Texas may have representatives there, and the Texas State Health Department and three people from the National Foundation for Infantile Paralysis will be in charge of the program. This Polio Awareness Conference will deal with the expected vaccination in April, and to further plans to keep down polio among people of all ages during the summer months.

Money from the March of Dimes makes all this work possible.

James Scott On First Team Border Circuit

James Scott was elected to the first team of the Border Conference in the first ballot. Scott was noted for establishing a record for free throws during the season, missing only a small percent of his shots.

Scott will graduate this year. His home town is Borger.

Mrs. Mary Dawdy Funeral on Monday At Funeral Home

Mrs. Mary Caroline Miller Dawdy died March 20 at 4:55 a. m. at the home on 900 Fourth Avenue. She had lived in Canyon since 1926, and had reached the age of 84 years.

The funeral services were held Monday afternoon at 3 o'clock at the Griggs-Warren Chapel, conducted by Rev. Strauss Atkinson, pastor of the First Baptist Church, assisted by James B. Johnson.

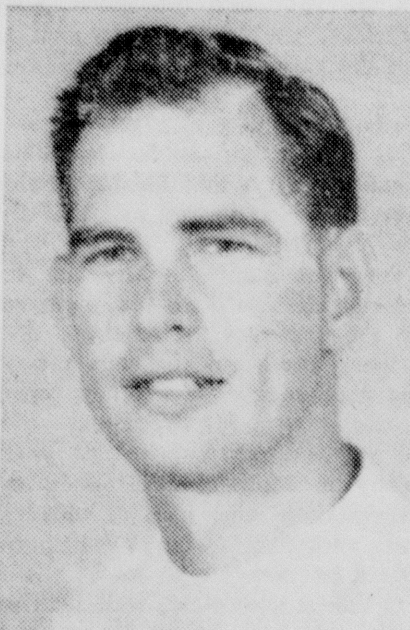

Pall bearers were O. A. Smith, Henry Ratjen, W. O. Nunley, Conway Kuykendall, H. C. McCarty, Newton Crain.

Survivors are one son, R. V. Dawdy of Canyon; three daughters, Miss Maud Dawdy of Canyon, Mrs. Leona Henry of Happy, 10 grand-children and three great-grand-children.

Mr. and Mrs. Curtis Samples, Jr., and daughter, Pamela, left Monday for their home in Alice after having spent several days here with his parents, Mr. and Mrs. C. W. Samples.

Miss Kittie Hall, who has been the guest of Mrs. O. G. Steen for the past six weeks, has returned to her home in Wichita Falls.

Medical Student Again Honored

JACK COOPER

Jack Cooper, senior medical student at the University of Texas Medical School, Galveston, has again been honored in his final year of study at John Sealy Hospital. He has been chosen to be initiated into Alpha Omega Alpha honor medical society.

Those chosen for this honor rank in the top one-sixth of the senior class. The choice of members rests largely upon their conduct and record as medical students. However, the most prominent requisite of membership is high scholarship in a broad sense. Above and beyond the record of high average grades and facility in memorizing information, it connotes continuous industry, effectiveness in method of work, facility in correlating facts and an intellectual application of information to new problems. The constitution of the organization also emphasizes moral character, reliability and honesty in all of the affairs of life.

Name of the organization, Alpha Omega Alpha, denotes the following motto: "Worthy to serve the suffering." The initiation for these men and women who have given promise of becoming leaders in their profession will take place in the near future. At that time, Mr. Cooper will become an official member.

Mr. Cooper is the son of Mr. and Mrs. L. A. Cooper and is a graduate of West Texas Demonstration School and West Texas State College.

Mrs. Cooper, who has been teaching in Galveston Public Schools while her husband attended medical school, is the former Ruth Ann Soil, daughter of Fred Soil, and a W. T. graduate with a music major.

Kick-off Coffee To Open Library Fund Drive Here

"Physical recreation and mental recreation go hand in hand," said Mrs. Clay Cooper Saturday in discussing the current drive for books to go in the Randall County Public Library. Mrs. Cooper is chairman of the local drive to obtain more books for the library. She announced that a kick-off coffee had been planned for April 4. It will be held at the library, just south of the square on 16th Street.

What the group will be seeking is the cash donation for a book from each person. Mrs. Cooper smiled as she explained that she hoped the drive would be accepted by the people in a cheerful manner whether they could give or not. In other words, one of the objects of the drive is to create goodwill for the library. "Those who cannot give cash may have a book they would like to donate, and this will be cheerfully accepted," Mrs. Cooper said.

It was pointed out that almost any kind of book is needed and can be used right now at the library. There are special shelves at the library for memorial books, there is a musical arts shelf, and a religious shelf. Books donated by individuals may be designated for these shelves. As strange as it may seem, books are not included in the library budget. The city and county pay the salaries of the workers and the expense of upkeep of the building but the funds simply seem to dwindle before the books are bought. Another need at the library is a new card catalog which will cost about \$100.

Goal of the current library drive is 1000 books. Five hundred of these books are to be new books for the library, while the other 500 will be replacements. Mrs. Cooper said that upon examining the books at the library it was found that many of them were in a bad state. She said that if the committee could get these 1000 books it would make a lot of difference. (Continued on Last Page)

No Contract Made on Tax Revaluation

In a special meeting of the Commissioners Court Monday, no contract was entered into for tax revaluation of the county.

Only one bid was received for this job, having been filed by Erick Ehrenborg of Dallas, who had conducted such tax surveys for Potter county and for the Amarillo school district. A part of the Amarillo school district is in Randall county, and it was proposed that the same tax values be set by the survey upon this property. The bid was for \$22,500.

County Commissioner Chas. Y. Johnson of South Amarillo moved that the Dallas firm's bid be accepted. There was no second to the motion.

Commissioner P. H. Baber had seconded the motion previously made by Mr. Johnson to secure the bids, and County Judge Roy Joe Stevens broke the deadlock when the motion was opposed by Commissioners Clarence Beckman and Glenn Dowlen.

Col. T. H. McDonald of South Amarillo was talking to the court about the necessity of a tax revaluation when the motion was made. He asked if the court had the power to change boundary lines of the commissioners' districts after the motion had failed.

Judge Stevens assured him that the court had the statutory powers to redistrict if and when it chose to do so.

McDonald pointed out that Johnson represented fully 15,000 people living in South Amarillo; that Baber represented all of Canyon and adjoining territory with about 6,500 population, while Beckman represented only about 175 persons and Dowlen represented only about 100 persons.

B. E. McCormick and Cass Jennings presented petitions to the court signed by about 240 persons living in Canyon and on the farms of Randall county who were opposed to the tax survey at this time.

The petition stated that the dry land farmers had made nothing for five years and that this was not the opportune time to make the survey. Practically all business men were accredited with having signed the petition, and all of the farmers had signed who could be contacted. Fully 98 percent of the farmers were opposed to this revaluation, stated Mr. McCormick, who is a member of the Canyon Independent School Board.

The idea of hiring someone from the outside to do this work seems to be opposed by the Commissioners.

No move has been made to correct such errors of taxable values which have existed on the rolls, according to reports made of the meeting. It was charged that someone in South Amarillo would go to court to either force the tax revaluation plan, or would tie up the tax rolls until such a time as revaluation is made.

Another meeting of the court will be held Thursday at which time the right-of-way for the expressway will be considered. The money for the bond issue of \$900,000 has been received and is ready for distribution among the land owners who are willing to sign the necessary easements.

Registration from 9 a. m. until 10 a. m. opens the convention, and all meetings are slated in the Branding Iron Theatre, Mike Price, Pampa, vice-president, and Miss Celia Spivey, secretary from Dalhart, will assist Miller as presiding officers.

Contest materials have been judged by the staff of the San Angelo Standard-Times and awards in several categories of writing, newspapers, and annuals will be made.

Trophies for first place winners will be presented on behalf of Panhandle area newspapers, including the Childress Index, Panhandle Herald, Ochiltree County Herald, Borger News-Herald, Hereford Brand, Pampa Daily Spokesman, Tulia Herald, and the Amarillo News-Globe.

New officers for the coming year were elected at the V.F.W. clubhouse in a special meeting Thursday night. The new commander of the club for 1955 is Joe Batson. Joe replaces O. A. "Boots" McBroome in this position.

Other officers elected were Roland Hicks, senior vice-commander; Cal Stephens, junior vice-commander; Lawrence Hunnicutt, quartermaster; Herschel Anderson, chaplain; Dr. Harry Brown, Jr., post surgeon; Johnnie McBroome, post advocate; John Hardaway, three-year trustee; Horace Bible, two-year trustee; and Billy Black, one-year trustee.

New officers will be installed at the next regular business meeting of the club. This meeting will be held by the club at the clubhouse Thursday evening, April 7.

When the new officers are installed the appointive officers will also be selected and appointed. Appointive officers are adjutant, color guard, public relations, and color bearers. These officers will be selected by the elected officers after they are installed officially Thursday night.

The club observes two meetings each month. One on the first Thursday and one on the third Thursday. Usually the third Thursday is reserved for a social and the first meeting of the month is the regular business meeting. Last Thursday was the night for the social but was given to the election of officers in order to prevent having a special meeting called for this purpose.

After the election of officers the Auxiliary served refreshments of coffee and cookies.

Mrs. Edna Welch, an Amarillo teacher, was a house guest of Miss M. Moss Richardson Friday night.

posed to the tax survey at this time.

The petition stated that the dry land farmers had made nothing for five years and that this was not the opportune time to make the survey. Practically all business men were accredited with having signed the petition, and all of the farmers had signed who could be contacted. Fully 98 percent of the farmers were opposed to this revaluation, stated Mr. McCormick, who is a member of the Canyon Independent School Board.

The idea of hiring someone from the outside to do this work seems to be opposed by the Commissioners.

No move has been made to correct such errors of taxable values which have existed on the rolls, according to reports made of the meeting. It was charged that someone in South Amarillo would go to court to either force the tax revaluation plan, or would tie up the tax rolls until such a time as revaluation is made.

Another meeting of the court will be held Thursday at which time the right-of-way for the expressway will be considered. The money for the bond issue of \$900,000 has been received and is ready for distribution among the land owners who are willing to sign the necessary easements.

Press of High Schools Here on Saturday

Program for the 21st annual convention of the Panhandle High School Press Association, to be held Saturday at West Texas State College, has been completed, according to David Miller, president from Canyon High School.

Main speaker for the convention's general session will be Harold Hudson, editor of the Ochiltree County Herald, Perryton. Section meetings on news writing, feature writing, and annual photography and make-up will be conducted by Mrs. Mary Kate Tripp, regional editor of the Amarillo Daily News, John Masterman, staff writer for the Amarillo News and Globe-Times, and Miss Beverly Beck, art director for KGNCTV.

Registration from 9 a. m. until 10 a. m. opens the convention, and all meetings are slated in the Branding Iron Theatre, Mike Price, Pampa, vice-president, and Miss Celia Spivey, secretary from Dalhart, will assist Miller as presiding officers.

Contest materials have been judged by the staff of the San Angelo Standard-Times and awards in several categories of writing, newspapers, and annuals will be made.

Trophies for first place winners will be presented on behalf of Panhandle area newspapers, including the Childress Index, Panhandle Herald, Ochiltree County Herald, Borger News-Herald, Hereford Brand, Pampa Daily Spokesman, Tulia Herald, and the Amarillo News-Globe.

V.F.W. Elects New Officers

New officers for the coming year were elected at the V.F.W. clubhouse in a special meeting Thursday night. The new commander of the club for 1955 is Joe Batson. Joe replaces O. A. "Boots" McBroome in this position.

Other officers elected were Roland Hicks, senior vice-commander; Cal Stephens, junior vice-commander; Lawrence Hunnicutt, quartermaster; Herschel Anderson, chaplain; Dr. Harry Brown, Jr., post surgeon; Johnnie McBroome, post advocate; John Hardaway, three-year trustee; Horace Bible, two-year trustee; and Billy Black, one-year trustee.

New officers will be installed at the next regular business meeting of the club. This meeting will be held by the club at the clubhouse Thursday evening, April 7.

When the new officers are installed the appointive officers will also be selected and appointed. Appointive officers are adjutant, color guard, public relations, and color bearers. These officers will be selected by the elected officers after they are installed officially Thursday night.

The club observes two meetings each month. One on the first Thursday and one on the third Thursday. Usually the third Thursday is reserved for a social and the first meeting of the month is the regular business meeting. Last Thursday was the night for the social but was given to the election of officers in order to prevent having a special meeting called for this purpose.

After the election of officers the Auxiliary served refreshments of coffee and cookies.

Mrs. Edna Welch, an Amarillo teacher, was a house guest of Miss M. Moss Richardson Friday night.

EDITORIAL COMMENTS

**Mistakes of 10 Years Ago
Are Revealed in Big 3 Meet**

After ten years, the agreement entered into between Roosevelt, Churchill, and Stalin had been laid before the American people. The whole picture will not soak into the minds of the people for a long while, or until political prejudices are forgotten or forgiven.

It has been charged that Stalin smoothly outtalked both men.

It is further charged that Roosevelt was a sick man, and not at himself.

After 10 years, it should be clear that the agreement was reached at a time when the allies, all three of them, were sick and tired of war. Perhaps they did not have all of the facts before them at the time since Stalin refused to allow American officers to inspect his troops, or his army installations. Perhaps Stalin did outtalk the two other men, who trusted him at the time, but later learned that the Russian leader would not hesitate to tell a lie to save his own skin. He was seeking an excuse for his own goodwill among the Russian people.

Frankly, we are not surprised at any of the agreements which were reached. We needed Russian help against Japan, or at least thought that we needed their help.

Roosevelt was doing the best he could, arguing with two masters of argument. Whatever mistakes were made in this conference were mistakes of the head and not of the heart.

At the time, all Americans were trusting the Reds. So why say that Roosevelt was off base and should have known better than to trust the Red leader the way that he did?

**Giles Promises To Expose
Governor, Attorney General**

Bascom Giles has signed two heavy appearance bonds in two different counties and will likely be indicted in other counties before he is through with his case. He says that he will have plenty to say about Governor Shivers and the Attorney General when his cases come up for trial.

We shall look at the facts for one minute:

On the face of the charged frauds, the Governor and Attorney General were very derelict in their duties and should have found out months ago if and when Giles was mixed up with fraud. This fact no one will deny.

On the other hand, here was a man who had been honored by the people of Texas nine times at the polls. He was a trusted employee of the department before any charge of fraud was made. Both the Governor and Attorney General have their hands full looking after their jobs. If they were too busy with other tasks they should have asked to be excused. Yet, here was a man who had been elected to public office nine times. No word of distrust had been raised against his ability or his honesty. If he had wanted to be dishonest, as it is charged, he could not doubt have pulled the wool over the eyes of his two friends, regardless of their good intentions, or their alertness.

The whole situation looks bad, indeed, and some one has a lot of explaining to do when the case is brought to trial.

In the meanwhile, all fair minded Texans will await the decision of the courts and will judge none of the three, much less will they pass judgment on Bascom Giles, regardless of how bad his case may look now or how he attempts to shove blame off on the Governor and the Attorney General, until the evidence is all in.

**Now Is the Time to Come to
Aid of Crippled Children**

Just now the attention of the public is directed to crippled children. The sale of Easter Seals brings this forcefully to the minds of the people.

When you look at well and healthy children playing, it makes your heart warm, and we thank God that they are well and healthy.

When you see a child who through no fault of his own is confined to his bed, or must wear braces in order to get around, you cannot but be thankful that so few children are so afflicted, yet are wondering what you can do to assist the unfortunate to become well and strong again.

Medical science points the way. Most crippled children yet have hope and will sometime hop skip and jump again if they are given medical treatment and allowed to recover in a normal manner.

A few dollars will not hurt us in coming to the aid of those who are unfortunate.

Let's invest in the future lives of those who cannot help themselves.

**California Citizen Had Dream
Of Water From Missouri River**

The other day someone handed a letter to *The Canyon News* written by a citizen of Los Angeles, Calif., in 1939, asking what the Chamber of Commerce and city officials of Canyon thought of the idea of building a drainage line from the upper Missouri river to the Gulf, by way of the Panhandle. The letter was written more than 16 years ago.

In the meanwhile a lot of dust has gone through the atmosphere.

The people generally are thinking of the Canadian River dam, instead of going on to the Missouri River for a sure water supply.

Yet, the very idea which was proposed in 1939 by a California resident was seriously proposed a few months ago by a Canyon resident. So far nothing has been done about the situation.

Action will be forced upon the residents of the Panhandle one of these days unless abundant rains start to fall.

Not Forgotten How to Rain!

It would seem that it has almost forgotten how to rain in the Panhandle.

But the light shower of Wednesday night, or early Thursday morning, clearly shows that the weather man has not entirely neglected us.

Those of us who are more optimistic may rely upon the old, old saying that it has always rained in the Panhandle, regardless of how long it takes to get around.

We shall have more rain in the near future. This is a promise!

There is often a motive behind unexpected favors.

**Our Public Schools Are the
Busiest Places in This Town**

Ordinarily, when we think of the busy places in town we think of the bank, the market, or the city hall. But you know something? Perhaps the busiest place of all is the school.

We often take the school for granted, forgetting that school business is our business. At school we are busy raising the town's next citizens.

Your school is part of our great democracy and we might just as well realize that it is perhaps the busiest place in town.

In its classrooms are your next policemen, your son-in-law, your secretary, your doctor, a worker at the plant, or perhaps the young couple who will buy the lot next door.

It is up to the school to make sure that he is a good policeman, that he's a responsible son-in-law, that she's an efficient secretary, that he's a reliable worker, that he succeeds as a doctor, and that the folks next door are good neighbors.

And you and your community usually put the responsibility for the education of these future citizens where it belongs, in the hands of the teacher. We know that a child learns more quickly with a good teacher, because the good teacher is the key person who

Oh, where did he go? What's happening? Well, I'll tell you. Literally thousands of well-trained and qualified teachers are finding other lines of endeavor more lucrative and attractive. Consequently, the number of sub-standard emergency type teachers is on the increase. Every time a competent, well-qualified and trained teacher leaves an American classroom to obtain the necessities of life in another profession, the people of America lose. We simply cannot tolerate this sort of thing for long. One of the most alarming statements found in the Teacher Supply and Demand Report for last year is that there were only 867 persons prepared to teach chemistry and physics and this is only a specific example; there are shortages in other lines, too.

What can we do to halt this exodus of competent personnel from our profession? To be sure, salary improvement is basic, and could perhaps do more to alleviate the situation than any other single factor. However, there are other ways. There are certain fringe benefits, the absence of which are causing teachers some concern. For example, whatever can be done to improve the Teacher's Retirement provisions and other security benefits should certainly be done.

Our Legislative Committee recognizes certain weak spots in our Retirement System. It certainly is not a bad retirement system, but there are certain improvements that need to be made in it.

We have now completed an actuarial study to determine what might be done to improve the retirement benefits of Texas teachers. Specific plans based upon these findings have now been presented in the Legislature for the improvement of our Retirement System, and it is hoped that the people of Texas will give serious thought to this as one important avenue of making teaching more attractive to those already in the profession as well as to young graduates of our colleges. As matters stand now, the demand for teachers is very high, while the supply of teachers is dangerously low.

Yes, if we are to have reliable policemen, responsible son-in-laws, intelligent employees, and congenial neighbors, you must depend a great deal upon the quality of your teachers and the quality of your teachers depends upon your support of "the busiest place in your town," the public school.

**Liquor Curse Will Not Come to
Randall in Spite Prediction**

Perhaps our Catholic friends are having as much trouble with liquor as the Protestants in Randall county.

The *Amarillo Register* says: "There are two well known finishes for cars: Lacquer and liquor."

Which reminds us that an Amarillo doctor recently made this remark: "See that you are going to build an expressway from Amarillo to Canyon. It will be lined with booze joints before the people wake up to the dangers of liquor."

We are not worried about these booze joints. We have no fear of Randall county ever voting in favor of the sale of poison to our people. We have an idea that instead of this expressway being lined with booze joints, it will be lined with homes of respectable citizens who would like to get away from liquor.

So far as getting away from liquor is concerned, this will never be—so long as the people themselves tolerate the sale of booze.

**Typical March Weather Comes
To the Panhandle of Texas**

We are going through typical March weather. No doubt about these warm days and cold nights. This is March.

The month came in like a lamb, therefore, according to the old, old adage, it must go out like a lion. Just so the weatherman gets his blowing done early, and the freezing weather completed by the end of this month, we shall all be perfectly happy.

We note that winter is having its last fling, if the headline writers know their stuff. However, we have seen snow fall too often in April to become jubilant about the advent of warm weather just yet.

This is March, and March weather is unpredictable—except warm and cold.

A little work, plus some responsibility, should be a part of the education of every boy and girl in Randall county, regardless of what parents think.

Despite the troubles that afflict the world, the old human race goes along and, as one of our friends constantly remarks, there will always be people.

Canyon represents a collection of people who believe that they can get along better in life by working together.

If the entire population of Canyon would trade at home for one month, they would be surprised at the difference it would make.

There are many readers of newspapers who pay more attention to the sports pages than to any other part of the newspaper.

Differences of opinion are the stimuli that lead to honest conclusions, if anybody wants to be intellectually honest.

**Drivers Advised
Observe the Law**

COLLEGE STATION: No one can continually violate traffic laws without paying the penalty . . . either a fine or involvement in an accident. If you don't know the laws, learn them, advises the Texas Farm and Ranch Safety Committee, and then obey them.

The committee has figures from the National Safety Council which show that records of fatal accidents in 1953 involved 76 traffic violations per 100 drivers. Speeding, nearly three out of 10 drivers in fatal accidents were violating a speed law. The percentage in rural areas was even higher, slightly over 10 percent above the rate for cities.

Among drivers involved in fatal accidents, 18 out of 100 had been drinking. Seven out of 100 drivers in fatal accidents did not have the right-of-way. The city rate exceeds by almost three times the rural rate in this classification. Improper passing involved 3 out of each 100 drivers in fatal accidents and nine out of 100 drivers failed to keep to the right of the center line of the highway.

Disregarding a traffic sign, signal or officer was the violation involving six out of 100 drivers in fatal accidents. The committee points out here that rural drivers were more frequently guilty of disregarding stop and warning signs while their city cousins more often disregarded a signal or officer.

Statistics show 8,600 pedestrian fatalities in 1953 with 36 percent caused from crossing between intersections; more than 1,800 of the 6,650 adult pedestrian deaths were attributed to alcohol while crossing against the signal accounted for five percent of those killed. Playing in the roadway accounted for 26 percent of the child pedestrians under five years of age killed or injured and 18 percent of those between five and 14 years of age.

Finally warns the committee, don't depend on luck for traffic safety. Know and obey traffic laws, they were passed for your protection.

MALE DOVE OF PEACE

"Jack and I have parted forever."

"Good gracious. What does that mean?"

"A five-pound box of candy in about an hour."

It is the mind that makes the man, and our vigour is in our immortal soul. —Ovid.

EASY FOR BURGLARS

Baltimore, Md. — The burglar or burglars, who recently took \$607 from the cash register of a tavern here, had an easy time of it. The tavern operator told police he inadvertently left the door of his place open when he left about 2 a. m. leaving \$607 in the register. The next morning the \$607 was gone.

HIS MISTAKE

Baltimore, Md. — Jerry Glover went to check on how a carpenter was getting along repairing the cellar stairs at the Glover home. The carpenter was doing fine, but Glover forgot that the stairway had been removed. He ended up in the cellar, suffering with considerable bruises.

A tenderfoot and his weather-beaten guide were camping out in rattlesnake country. The tenderfoot asked:

"Jake, is there any other cure for snake bite besides whisky?"

Jake quickly replied with a grin and a shrug, "Who cares?"

WISE YOUTH

Fly Fisherman — Did you catch all those trout with nothing but worms?

Boy—Oh, no! There was brains at the other end of the line.

IN 15 MINUTES.

Who Is Bluffing in Asia; Chinese Reds or Dulles; Johnson Stronger

WASHINGTON: The United States might well have adopted a much more dangerous line in the Formosa area, with Secretary of State John Foster Dulles' two-edged explanation of our position concerning the Matsu and Quemoy islands.

Up until the recent speech by the Secretary, it had been assumed this country would not fight for any island in the Formosa area except Formosa itself and the Pescadores islands, just west of Formosa, formerly held by Japan.

But now that the country's policy in the area includes an unclear position regarding the Quemoy and Matsu islands, perhaps for reasons of possible negotiation advantages, or perhaps as part of a bluff, to help Chiang Kai-shek keep these islands, a serious threat of military action is immediately brought into being.

Unlike Formosa and the Pescadores, these islands (Quemoy and Matsu) are almost under the noses of the Communists on the mainland, being something less than 15 miles from the nearest mainland point. Quemoy is in a strategic

position as far as the port of Amoy is concerned.

Matsu is in a similar location regarding the port of Fochow. Both islands are more than a hundred miles from Formosa. Thus it would be far more difficult for the Chinese Nationalists to reinforce these two islands, in a major battle, than it would for the Chinese Reds.

Quemoy is over 100 miles due west from the Formosa west coast while Matsu is about the same distance from the northwestern tip of Formosa, in a northwestern direction. Military observers feel that the Communists will be able to take both of these islands once they build up sufficient forces, unless the United States goes all out to hold them, with air, naval and land forces.

There seems to be little reason to believe the United States will send land forces to defend these key islands so close to the China mainland. What worries some students of foreign affairs is the fact that the U.S. position concerning the defense of these two strategic islands is now hazy, and a Chinese Red occupation of them would therefore appear to be a major Communist victory over the United States.

There is some thought that the United States might eventually resort to the use of land forces if necessary to hold Formosa. But this is not a certainty and there are many military strategists who feel that we should never get into land fighting with the Chinese again. They argue that we should use our superior air and naval forces to curb Communist aggression. Land fighting with a nation of 600,000,000 people would be fool-hardy, they say, and just what Russia wants.

There are few observers who think we will use ground forces to defend Quemoy and Matsu, mainly because of the poor tactical position we would have to operate from in such an undertaking. Secretary of State Dulles has said that we are not committed to defend the islands but he also said—in the next breath—that we might defend them!

The British feel that putting up a bluff over these two islands is unsound, that the Reds will take them anyhow, that they are islands which should be under the control of the Chinese mainland government, by tradition, and that when the Communists take them by force it will appear to be a U.S. setback in the Far East.

Minority Senate Leader William

Knowland is finding out now that direct opposition to the White House, which he has so often exhibited in the field of foreign policy, is paying off dividends.

The dividends are not welcomed by Knowland, however, for they come in the form of rumblings and meetings of pro-Eisenhower Senators, some of whom are not satisfied, with Knowland's leadership in the upper legislative body.

Others in the pro-Ike group say they will continue to support Knowland even though they think his foreign policy statements often ill-timed. Another group, a sizable one, is with Knowland in his differences with the White House.

It is the first outward manifestation of unrest among GOP Senators because of Knowland's leadership.

On the Democratic side, some members of the majority party are trying to touch off a presidential boom for Lyndon Johnson. But the choice of Chicago as the Democratic site doesn't help the Texan's chances. The general feeling is, too, that Johnson, a Southerner, faces the same insurmountable tasks which face any southerner with presidential aspirations, that of getting the vote in eastern metropolitan areas despite a civil rights philosophy which runs head-on into that of the eastern and traditionally Democratic city masses.

Proper Inflation Tractor Tires Is Urged by Authority

COLLEGE STATION: Farmers are advised to check for proper tractor tire mounting and inflation before the busy spring planting season begins. A tire with proper pressure gives longer life, better operation and means an operational saving, says W. L. Ulich, extension agricultural engineer.

Rough or careless use will shorten greatly the life of all farm tires. Under-inflation causes bruise breaks, bucking and uneven wear, Ulich says. If pressure is too low, the tire will be crushed against the rim, or the cords in the tire will be stretched by hitting such sharp objects as stumps or rocks. Tires with too little pressure usually are more easily punctured.

Over-inflation leads to "impact breaks" and faster tread wear, he points out. High pressure combined with too little wheel weight reduces traction, causing excessive slippage and rapid wear.

Check for the right inflation pressure at the beginning of the season and follow with regular inspection throughout the season.

A tire filled too full of water has the same effect as over-inflation, Ulich adds. Fill only three-fourths full, then add enough to reach the recommended pressure. A good "rule-of-thumb" is to turn the tire so the valve is on top, open the valve, and let water above this point run out.

PHYSICS HELPS PLAINTIFF

Is physics or higher math applicable to daily life by "we the people?"

Recently, T. B. McCarter, retired professor of physics at West Texas State, was summoned to appear in Federal court as technical witness in a damage suit.

He, through his knowledge of physics and math, was able to compute speeds of vehicles involved and by that means to discredit claims of the defendant to such an extent that the plaintiff was paid \$35,500 to settle out of court.

Sure, incidents of this kind do not happen every day but how many minor events involve much more technical knowledge than we may be aware? Algebra is much more than an unknown X in life.

A couple with a taste for unusual pets bought an octopus which they named Elmer and which soon showed a remarkable aptitude for humanlike feats. Working its eight legs simultaneously, Elmer learned to play the piano in no time.

One day the husband brought home a Scotch bagpipe, curious to see how long it would take the octopus to master the instrument. With a glad cry Elmer seized it and scurried off to his cellar den.

For a week the couple waited to hear music from the cellar, but none came. Finally, the husband called down to the basement, "Elmer, we've been waiting to hear from the bagpipe."

"It ain't no use," wailed Elmer. "I've been asking it to marry me for a week and it won't say a word."

GI BENEFITS

Under terms of a new law, enacted with Administration encouragement and signed by President Eisenhower on February 15, those men in service before February 1st will be eligible for up to 36 months of schooling, figured at the rate of 1½ days of schooling for each day of service. The new law nullifies part of a presidential proclamation ending Korean war emergency benefits as of January 31, 1955.

The Bureau of Labor Statistics recently reported that the Consumer Price Index was unchanged, from mid-December to mid-January.

Santa Fe Report Shows Decline

In the Santa Fe Railway System Annual Report just mailed to stockholders, President F. G. Gurley reported a 1954 net income of \$66,172,950 compared with \$77,185,997 in 1953. The 1954 net was equivalent to \$12.35 per common share compared with \$14.62 in 1953.

Operating revenues were lower than those of the all-time record year 1953. Yet the 1954 total of \$532.3 million was the best peacetime year in the history of the company, being exceeded only by revenues of 1951-52-53 during progress of the Korean War. Freight car loadings declined from year earlier figures in each of the first ten months of 1954 but showed increases of approximately 5 per cent in November and December, with the year as a whole being off 6.3 per cent.

Even greater decreases occurred in revenue ton miles and freight revenues due to variation in the consist of traffic and a moderately shorter average haul per ton primarily because of the relatively longer haul freight movements associated with the Korean military activities during 1953. Freight revenues decreased 14.3 per cent and passenger revenues were off 13 per cent.

OUT OF THE MOUTHS OF BABES

In a recent school essay on "Parents" a small girl wrote, "We get our parents when they are so old it's very hard to change their habits."

An Englishman, an Irishman, and an American were flying over the Sahara desert.

"A beastly place," the Englishman said.

"The devil's home," the Irishman said.

"What a parking lot!" the American said.

Friend: "Has your wife changed very much since you married her?"

Husband: "I'll say—my habits, my friends, and my hours."

VET REPAYS FAVORS

Houston, Texas. — Ann Gordon, returning from a trip to New York City, told friends that a cab driver there found out she was from Texas, and offered to drive her on a sightseeing tour for free. The driver explained, "I was in the Army in Texas and the folks there were so nice to me, I've been wanting to do something to pay them back."

NATIONAL PRODUCT

The nation's output of goods and services last year dropped about 12 per cent in valuation according to the Commerce Department — from \$365,000,000,000 in 1953 to \$357,000,000,000 in 1954. The 1954 national product, second only to 1953's peak, was about 3 per cent higher in dollar valuation than that of 1952.

VETERAN TOTAL

As of December 31, there were an estimated 21,301,000 veterans of United States military service, according to Veterans Administration statistics. This was an increase of 1,026,000 during 1954. Totals for all other wars dropped.

\$1.75 FOR HAIRCUTS

Oakland, Calif. — If you're planning a trip to California — Alameda county and a portion of Contra Costa county in particular — after March 15th, you better get a haircut beforehand. After that time, the price for a haircut will be raised from \$1.50 to \$1.75.

Willy was sobbing bitterly when he told the teacher between sobs, "I don't like school and I have to stay here until I'm 16."

"Don't let that worry you," said the teacher, "I have to stay here until I'm 65."

One of the chores of modern life is winding the alarm that will wake you up just before you take the pills that will put you to sleep.

A mind not to be changed by place or time.

The mind is its own place and in itself.

Can make a heaven of Hell, a hell of Heaven. —Milton.

50 High Schools To Send Delegates Here on Friday

Some 50 area high schools are expected to send delegate couples to the annual Plains Personality Pageant here Friday, when West Texas State College students honor their own Personality King and Queen.

Sponsored by the Student Senate, the pageant activities open at 12:30 p. m. with registration in the Student Union Building, and continue until midnight, climaxed by the formal presentation of WT's King and Queen and Personality Princess and Princesses from represented high schools. A formal dance is slated from 8 until 12 p. m. in the cafeteria.

Election of WT's Personality royalty has already been held, but winners are not revealed until the pageant. Twelve students remained in the final selection, with each to become a member of the court pageant.

In the final balloting for Queen are Barbara Beck, Canyon; Carolyn Christian, Claude; Shirley Davis, Clifton, Ariz.; Margaret Houston, Pampa; Emily Joe, Amarillo; and Jane Ann Johnson, Briscoe.

Men in the race for King are Dave Corley, Memphis; Byron Gamme, Plainview; Bob Hood, Borger; Charles Quattlebaum, Hereford; Bill Robertson, Wheeler; and James Scott, Borger.

Among entertainment planned for visiting students are a one-act play in the Branding Iron Theatre, a coke party and conducted tour of the campus, sponsored by the Town and Country clubs, and a banquet at 5:30 p. m. Entertainment and recreation will be held during the pageant for those who do not dance.

Mrs. George Hill Attended Meeting

Mrs. George Hill registered as delegates from Canyon to the 14th annual meeting of the Woman's Society of Christian Service of the Methodist Northwest Texas Conference in session in Childress March 16-18. The theme was "Our Christian Witness."

Conference president, Mrs. C. C. Coffee of Lubbock, presided. Other Northwest Texans featured on the program were Mrs. W. E. Hamilton, Quanah, who conducted the service of remembrance; Lucile Flowers, Plainview, conference president of the Wesleyan Service Guild; and Naomi Hare, Hereford, who has just completed a five year term as a missionary at a girls' school in Lima, Peru.

The women increased their pledges by \$2,500 to total \$76,000 for various world-wide purposes. Mrs. J. C. Cowan, Jr., of Tulsa, conference treasurer, conducted the pledge service.

LEAGUE STANDINGS FOR WOMEN'S BOWLING RELEASED

Team	Won	Lost
Young's Drive-In	67	33
Cooper's Market	59	37
Canyon Drug	42½	57½
Fritz Gulf Service	31½	68½

In Monday night's games Ruth Foster with high score for Young's helped take three games from Fritz Service even though Donna McAtee bowled a high of 137.

Ruth Shero with 151 helped the Canyon Drug team take four games from Cooper's. Fay Bosley with 140 on Cooper's team was in there working.

Tournament time is coming up in Amarillo. It is hoped that each Canyon team can make a big showing in that series of games.

Hubert H. Humphrey, U. S. Senator from Minnesota: "This is no time to cut our military strength."

JOWELL H. D. CLUB STUDIES DEFENSE, DISASTER RELIEF

Family defense and disaster relief was the theme of the program given by the Jowell Home Demonstration Club when it met Wednesday, March 16, with Mrs. Irvin Bauer.

The meeting was opened by a contest using Irish songs. After the business meeting the following program was given: "Preparing an Emergency First Aid Kit for Your Home and How to Use It," by Mrs. Edgar Robinson; "Practice Fireproofing Your Farm," by Mrs. Earl Davis; "Provide a Safe Spot for Shelter in Case of an Emergency Requiring Such Shelter," by Mrs. Irvin Bauer.

At the conclusion of the meeting refreshments of spice cake, fruit salad, mints, ice tea and coffee were served to Mesdames Ray McDonald, J. C. Keeling, F. E. Culp, Eugene Bonds, Les Raymond, Louis Hinders, Jack Powell, E. C. Robinson, Edgar Robinson, Earl Davis, Bill Avent, J. H. Barrett, and the hostess.

Next regular meeting will be with Mrs. F. E. Culp on April 6. Club party will be on Friday night, April 8, in the home of Mrs. Culp also.

AMITY CLUB MEETS IN HOME OF MRS. R. D. LOWRY FRIDAY

Amity Club met on March 18th in the home of Mrs. R. D. Lowry at 2:30 p. m. with Mrs. Mary Burtz, and Mrs. H. C. Long co-hostesses with Mrs. Lowry.

Mrs. W. T. Davis, president, opened the meeting in regular form.

Roll call was answered with some thought or poem about spring.

Mrs. J. I. Payton was welcomed as a new member.

Since there was no business to be transacted, the club members spent the entire afternoon as a social hour, enjoying visiting, singing hymns, listening to the radio, and doing handiwork of various kinds.

At the tea hour the hostesses served lovely refreshments of apple pie, ice cream, Cheesits, mints and coffee to Mesdames Davis, W. I. Wester, C. I. Danner, T. T. Fain, Henry Cone, Payton, J. H. Wright, and R. E. Gill.

Next meeting will be April 15 in the home of Mrs. J. H. Wright with Mesdames Davis, Cox, and Payton as co-hostesses.

WESTSIDE H. D. CLUB HAS BUSY MEETING WITH MRS. MYERS

On Wednesday, March 16, the Westside Home Demonstration Club met in the home of Mrs. T. J. Myers.

Using two portable and one treadle sewing machines, the members spent the afternoon sewing for needy children. Pajamas and dusters were made.

A donation was made to the Red Cross.

Refreshments of Hi-Hos with cheese spread, angel food cake, mints and punch were served to 11 members and two visitors by the hostess.

WOMEN'S AUXILIARY MEETS IN REGULAR SESSION

Women's Auxiliary of the First Presbyterian Church met in the home of Mrs. A. A. Clark on March 22 with Miss Darthula Walker presiding.

Opening prayer was given by Mrs. L. A. Donnell. Bible lesson from Hebrew was conducted by Mrs. M. E. Cleavinger. Mission study was given by Mrs. Clark.

The meeting was closed with prayer by Mrs. Nancy McCaslin.

The hostess assisted by Mrs. Cecil Briggs served delicious refreshments to 11 members.

A pleasant face is a silent recommendation. —Publius Syrus

VARIETY RING MEETS IN HOME OF MRS. NINA WHITE

On March 17, the Variety Ring met in the home of Mrs. Nina White.

Mrs. Harding, president, brought the thought for the day, "It's a Good Idea to Keep Your Words Soft and Sweet. You May Have to Eat Them."

Roll call was answered with the title of each member's favorite Irish song.

Members worked on the club quilt.

Delicious refreshments were served to Mrs. J. A. Cheatham and Joyce Barker, guests, Mesdames Eula Bee Harding, Gladys Pitt, Mary Hutchison, Margaret Cole, Modina Barker, Roxie Hammons, Mae Johnson, Lyda Matsler, Estelle Rice, Olean Hood, Thelma Burtz, and the hostess, members.

Next meeting will be with Mrs. Modena Barker on April 18 at 2:30 p. m.

1925 BRIDGE CLUB MEETS IN GLENN DOWLEN HOME

Mrs. Glenn Dowlen was hostess to members of the 1925 Bridge Club on Wednesday, March 16.

Decorations, refreshments and tallies carried out the St. Patrick theme.

A dessert course was served at the conclusion of games to Mesdames Hatcher Brown, J. Madison Daugherty, Iverson Leake, Hud Prichard, T. B. McCarter, Newton Crain, R. A. Neblett, I. F. SoRelle, and George Nance.

CARDETTE'S MEET

Cardettes met in the home of Mrs. Louie Davis on Tuesday evening, March 15.

Refreshments of orange sherbet served in an orange shell, homemade cookies and coffee were served by the hostess at the tea hour to Jane Harding, Mary Anne Currie, and Louise Russell.

The next meeting will be in the home of Norma Dawson on Tuesday evening, March 29.

Spring Hits Low on Plains

Spring arrived in the Panhandle Monday by the calendar with a 11 degree temperature above zero. The prediction was that the temperature would sag to 8 above zero Monday night, but this was a mistake. The mercury registered only 19 degrees above.

A trace of snow was on the ground Monday morning, and a light fall accompanied the blustery wind from the north. However the temperature moderated and the snow disappeared. It was not enough to be measured.

The weatherman says that the temperature will rise all day today, which is not bad news, if there is any moisture with the spring weather.

Willson Lecturer Speaks to Lions Club

Dr. Kenneth Copeland, pastor of the Travis Park Methodist Church and Willson Lecturer at the college last week, spoke to the Lions Club last week at its regular luncheon. Dr. Copeland is immediate past president of the Downtown Lions Club in San Antonio. He based his talk on the slogan of Lions International, and his idea of a twin slogan for the Lions. "Lions" stands for Liberty, Intelligence, Our Nation's Safety, and Dr. Copeland suggests "Loyalty, Integrity, Our Nation's Spiritual Security."

"The hope of the world lies in the heart of man, not in the hydrogen bomb," Copeland said. Before World War II, we could have sent missionaries to Japan for \$2,000 a year; but we chose to send Marines there in combat at \$40,000 apiece.

Visitors were Frank Bounds of Fort Worth, Frank E. White, James P. Corneille, and T. G. Hull and Dudley Moore of Canyon.

Mr. and Mrs. Lemore (Marion) Hill and son, Bill, of Borger visited Friday in the home of the J. A. Hills. Marion is secretary of the Borger School Board and Lemore is an official of the Huber Petroleum Company.

Mr. and Mrs. Ronald Justin and daughters are visiting in the J. E. Boyd home. Mrs. Justin is the former Grace Boyd. Mr. Justin recently received his discharge from the Air Force at San Antonio. They are enroute to his home in Chowchilla, California.

Bible Verse to Study

"Thou shalt not take the name of the Lord thy God in vain."

1. Who is the author of the above commandment?
2. What does it warn against?
3. Where may it be found?

BIBLE VERSE ANSWERS:

1. Moses, by inspiration of Jehovah.
2. The sin of profanity.
3. Exodus 20:7.

Bourke B. Hickenlooper, U. S. Senator from Iowa: "Our progress in hydrogen and other atomic weapons has been very great . . . superior to that of any other country by far."

A man of fifty is responsible for his face. —Edwin M. Stanton.

Easter Program at Boys' Ranch

The boys at America's First Boys' Ranch are planning to observe Easter with sunrise services.

Beginning at 6:15 a. m. on Easter Sunday the boys will gather for the program. They have placed three nine foot crosses atop the highest hill overlooking the Ranch and in the early morning dawn the boys will assemble at the foot of the crosses for the impressive worship service.

The little six to eight year old youngsters will participate by singing several numbers and the older group is also planning several selections. Carl Orth, chaplain of the boys' non-denominational chapel at the Ranch, will conduct the special program.

Easter is a special occasion at Boys' Ranch for another reason. It officially opens the swimming season. This is one of the boys' favorite activities at the Ranch and they have two fine spring fed lakes equipped with two diving boards. The boys eagerly await Easter and regardless of the weather the boys always carry out this tradition.

This is one of the oldest traditions at Boys' Ranch and one they begin in the early morning hours on Easter Sunday with a quick dip in the lake. It is always quite a race and something the boys talk about all year to see who is going to be the first one to dive in.

Excitement has been running high for several weeks now at the Ranch and they are planning their best Easter service to date.

African Sheep to Palo Duro Canyon

AUSTIN: A foreign breed of game animal—the aoudad sheep—will be introduced soon to the Texas Panhandle soon.

Eugene Walker, director of wildlife restoration for the Game Commission, said the name is pronounced "Oh-dad."

The sheep, natives of the Barbary Coast of Africa, have been propagated successfully in New Mexico. They resemble the desert big horn, but are slightly smaller and sand-colored.

Texas got 15 of them on a deal involving the North Dakota Game Department and the Hearst Ranch in California, trading Texas turkey for them. It was 52 wild turkeys for 15 sheep.

The African sheep is accustomed to weather extremes and aridity. They live well in rim-rock type of country, and will be placed in Palo Duro Canyon.

Mrs. A. K. Knott has returned from her visit with her daughter and family in California. Mrs. Knott said the weather was perfect. The grass was green and the flowers were more beautiful than she had ever seen. She helped her daughter get settled in their new home.

Mrs. H. D. Curtis was delighted during the cold spell Monday to receive a beautiful bouquet of anthuriums and orchids from a friend in Hawaii. They were sent by airplane and special delivery, and were in perfect condition when they arrived. The Curtises had met this friend when they were in Hawaii last spring.

Mrs. Ralph Headlee of Perryton spent Friday night in Canyon as the guest of Mrs. T. V. Reeves.

Mr. and Mrs. Chester Dowell of Lawton, Okla., spent the week-end with her mother and brother, Mrs. Ruth Hill and Lowell.

CARD OF THANKS

As chairman of the Randall County Home Demonstration Council, I wish to take this means of thanking everyone who had part in making our rummage sale a success, especially want to thank Warwick's, Warren's, Roland Black, Mark Foster, Lindsey Taylor, and Mr. Britten. Mrs. E. W. Miller.

We want to thank everyone who contributed in any way to the comfort and pleasure of our mother during her long illness. We also thank all for the lovely flowers, food and expressions of sympathy extended to us at the time of her death. Maude Dawdy, Mr. and Mrs. Virgil Dawdy, Mr. and Mrs. L. E. Mashburn, Mr. and Mrs. Orva Henry, Mrs. Calvin Dawdy.

SUNNYHILL H. D. CLUB HAS VARIED PROGRAM AT MEET

Sunnyhill Home Demonstration Club met March 10th in the S. L. Robinson home with ten members and one visitor present.

After the meeting was called to order, roll call was answered and the council report was given.

Everyone was urged to attend the district meeting that will be held in Spearman on April 12.

Ester Quarnstrom gave a report on hat making. Mrs. Beulah Heafner gave the program on foundation garments.

Refreshments of creamed cheese Ritz, cake, whipped cream, coffee and salted nuts were served to Mesdames Heafner, Kitty Campbell, Leona and Mary Neal Henry, Quarnstrom, Bonnie Gist, Sue, Mary Jane, and Rosie Miller, Maurine Allison, and the hostess.

MRS. JOE CARVER IS HOSTESS TO PLEASANTVIEW H. D. CLUB

The Pleasantview Home Demonstration Club met March 9th in the home of Mrs. Joe Carver.

The meeting was conducted by Mrs. E. L. Cranmer, president.

After the business session, the meeting was turned over to Mrs. A. B. Haynes, Jr., program chairman.

Mrs. Cristler Crain gave a reading on Texas Under Six Flags. Mrs. Haynes read selected passages from the Texas Almanac.

Refreshments were served to Mesdames John Jennings, Crain, Haynes, J. W. Howell, Cranmer, and the hostess.

Mrs. Clifford Burtz was scheduled to be hostess for the meeting today.

USED FOR BRIDGE PRIZES

Governess — Methuselah was 900 years old.

Bobby — What became of all his birthdays and Christmas presents?

ETIQUETTE

Cannibal mother (reproving her son): "How many times must I tell you not to talk with someone in your mouth?"

HURT HELPING BIRD

San Francisco. — Halting his car at an intersection when he saw an injured pigeon, Billy Bacon, 24, hopped out to move the bird out of danger. He walked right into the path of an oncoming car, which knocked him down, broke his leg and killed the pigeon.

Colored automobile tires are due on the market soon.

"How kind of you," said the girl, "to bring me these lovely flowers. They're so lovely and fresh. I believe there is some dew on them yet."

"Yes," stammered the young man in great embarrassment, "but I am going to pay it off tomorrow."

U. S. speeds sales of rubber from its stockpile.

More Comfort Wearing FALSE TEETH

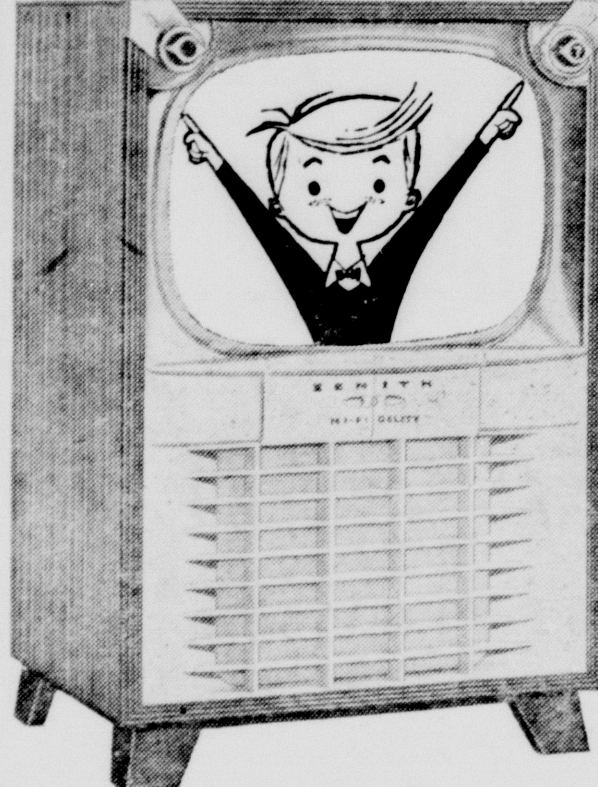

Here is a pleasant way to overcome loose plate discomfort. FASTEETH, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No gummy, sooty, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug counter.

VIRTUES

Poise is that state of consciousness which is at rest and peaceful when no one praises, and undisturbed when censured, opposed, or misunderstood. —Clarence H. Howard.

Wisdom consists, not in stumbling on truth by chance but in marking, learning, and inwardly digesting it. —La Rochefoucauld

Innocence is its own defense. Benjamin Franklin

Sentiment is very far removed from foolish sentimentality. The latter is weakening in its effect, while the cultivation of true sentiment means mental power and moral efficiency. —Mary Kimball Morgan

A cheerful temper joined with innocence will make beauty attractive, knowledge delightful, and wit good-natured. —Joseph Addison

Self-forgetfulness, purity and affection are constant prayers. —Mary Baker Eddy

Were I so tall to reach the pole.
Or grasp the Ocean with my span.
I must be measured by my soul;
The mind's the standard of the man. —Watts.

Culberson Heads Crippled Children Drive in Texas

The 1955 Texas Easter Seal Campaign for aid to crippled children gets underway this week with the mailing of 1,100,000 sheets of Easter Seals and Appeal letters by the Texas Society for Crippled Children and the many county and local societies. March 10 through April 10, 1955, has been proclaimed Easter Seal month in Texas by Governor Allan Shivers.

State Campaign Chairman, Olin Culberson, officially signed the Appeal letter last week at his office in Austin.

Crews of volunteer workers across the state have been hard at work assisting in every phase of preparing for the biggest Easter Seal Appeal ever made by the State Societies for Crippled Children during their 25-year history. Mr. Culberson praised the thousands of workers for their "outstanding and conscientious efforts displayed in carrying out the many necessary details."

All mailing to areas of the state where there are no county or local Crippled Children Societies is handled through the State organization's headquarters at 4429 North Central Expressway, Dallas.

"Anyone overlooked in the mailing," explained Mr. Culberson, "can receive their Easter Seals by sending their contribution and request to 'CRIPPLED CHILDREN' in care of his local post office."

"In such a large mailing some are bound to be overlooked. But, we urge every citizen to send for Easter Seals and use them on every piece of mail during this campaign."

"Every contribution helps some

crippled child or adult in your State and community to have a chance for a brighter, better life. Texans have given liberally to this Appeal in past years, and the need in 1955 is greater than ever. "Contributions may be made to any local Society or county affiliate of the Texas Society for Crippled Children by addressing your contributions to 'CRIPPLED CHILDREN' in care of your local post office," Mr. Culberson said.

ARRESTS SELF
Dallas, Texas. — A police report recently was short and to the point. It said, "This subject (arrested man) came staggering over to our squad car, and when we opened the door, he fell in. He was very drunk."

It is the mynd that maketh good or ill
That maketh wretch or happie,
rich or poore. —Spencer.

SEE THEM FRIDAY!

New Chevrolet Task-Force Trucks!

It's the largest and finest fleet of trucks ever built by the nation's No. 1 truck builder. Whatever your task or trade, there's a new Chevrolet truck to make or save you money on the job. Come and look 'em over!

Now Chevrolet introduces "Work Styling"—an exclusive development in truck design. Plus new engines—new capacities—new Overdrive and Power Steering—new features and advantages throughout!

Here's what happens when America's leading truck builder pulls out all the stops! Here are trucks that are new from the drawing board out!

New styling in trucks

Fleet, functional styling that fits your job! For the first time in any truck line, two distinctly different styling treat-

ments are offered—one in light- and medium-duty models, another in heavy-duty. Your handsome new Chevrolet truck will be a profitable advertisement-on-wheels for you and your business!

A new outlook for the driver

Truck driving was never like this! The new Flite-Ride cab is everything a

driver could wish for, from its big Sweep-Sight windshield to its concealed Safety Step that keeps clear of mud or snow! The new instrument panel and controls are the last word in truck driving convenience!

Six new "high-voltage" engines

With a new 12-volt electrical system for quicker, surer cold-weather starting and increased generator capacity! Plus more efficient cooling and lubrication systems, an improved fuel system, and completely redesigned engine mountings.

And much more that's new! Like the smoother, load-steady ride... new High-Level ventilation... tubeless tires, standard on 1/2-ton models... Power Brakes* for all models, standard in 2-ton models... new 18,000 lb. max. G.V.W. in 2-ton models. And there's a new choice of transmissions, including new Overdrive* and Hydra-Matic*. New Power Steering* for all models. Come in and see the newest things in trucks!

*Optional at extra cost. Overdrive available on 1/2-ton models, Hydra-Matic on 1/2-, 3/4- and 1-ton models.

IMPERIAL CHEVROLET COMPANY

State Capitol NEWS

By VERN SANFORD
Texas Press Association

AUSTIN: After prodding from the head coach, line coach and backfield, the Legislature got busy on both the put and the take phases of its money job.

House and Senate committees reported the biggest biennial budget in history. The Senate version calls for \$1.5 billion. The House bill ran slightly less.

In one day of debate, the House passed its bill, calling for \$212 million in two years from the general revenue fund, now currently in the red. It would require \$23,600,000 more than current spending, for general purposes, plus a proposed addition of \$27 million for highways.

Hearings by the revenue and taxation committee finally were held on Gov. Allan Shivers' tax recommendations — the Murphy 2-cent per gallon tax increase, and the Kirklin one-cent cigarette tax increase.

Although the current House is one of the "workings" groups ever, Speaker Jim Lindsay, called on the members to work harder. He predicted that most of the urgent program — water, insurance laws, hospital, tax and spending — could be achieved. He estimated \$60 million new taxes would be required.

Governor Shivers renewed his urging for the gasoline tax hike, backed by the highway commission's estimate that Texas needs to spend \$2,200,000,000 on highways during the next 10 years.

Rep. Jerry Sadler who said he was "authorized to speak for a majority of the House," told the revenue and taxation committee that the 2-cent gasoline tax hike won't pass.

Sadler prefers a one-cent per gallon gasoline and condensation processing tax. This he contends would bring in \$160 million a year and permit repeal of the present 4-cent gasoline sales tax. A processing tax would reach out-of-state as well as Texas buyers of gasoline.

Sadler also has proposed a \$3.00 per barrel hike in the tax on new oil. He said the oil and mining committee was Rep. J. E. Walling's "anti-waste" bill to set minimum prices for natural gas. At present rates this bill would bring in an estimated \$20 million a year.

Under committee rules, the tax and gas-conservation bills automatically went to sub-committees for a week's study.

Veterans' Affairs

Veteran land deals and their investigation resulted in an ever-growing list of legal suits against Bascom Giles, former commissioner of the General Land Office.

Filed by Atty. Gen. John Ben Sheppard in 53rd District Court here was a civil suit against Giles, seeking a lien on property purportedly owned by the former commissioner in Falls County.

Giles has been indicted by a Bexar County grand jury on a charge of accepting a bribe. He also faces a Travis County indictment accusing him of conspiring to take \$23,500 in veterans land program funds.

Issued by the Travis jury was a subpoena directing officials of the Capital National Bank of Austin to produce Giles' bank records.

Other civil suits for recovery were filed, making a total of over \$2 million that Sheppard is trying to recover for the state.

Shivers Testifies Again

Governor Shivers went back a second time to appear before the Senate investigating committee. This time under oath.

He said that neither he nor any of his aides brought "undue pressure" on the veterans land board to expedite processing of applications for loans.

It is the policy of the governor's office, said Shivers, to refer questions about the program to the veterans land board.

Shivers testified further that he had never received any warning of any irregularities concerning the program, and that if he had something would have been done about it.

Commending the investigators for their work, Shivers said, "There isn't anything as wholesome as bringing out the real facts and letting the public look at them."

Continuation in Doubt

Continuation of the Veterans Land Program is in doubt. House investigators have recommended liquidation of the present set-up.

Sen. George Moffett abandoned "indefinitely" his plan to ask Texas to vote another \$100 million in veterans land bonds.

Only 15,000 of the 971,000 eligible veterans have applied for land to date, under the eight-year old veterans' land program. That is less than 1.6 per cent of those who are eligible.

General Legislation

TOURIST BUSINESS—Texas will be able to advertise for tourists if the House okays a sense-passed measure to permit the State to advertise — and if voters approve the constitutional amendment next year.

INSURANCE BILLS — Senator Crawford Martin's bill requiring adequate financing of fire and casualty insurance companies, by ample capital stock and surplus, passed the Senate. It also broadened the supervisory powers of the state insurance commissioner.

LUNACY TRIALS — Backed by Governor Shivers, a proposed constitutional amendment to permit the waiver of jury trials in lunacy cases. It would permit persons of unsound mind to be committed to mental hospitals on the basis of medical or psychiatric testimony and avoid the mental anguish of jury trial. House members approved the bill 124 to 23.

LABOR LEGISLATION — Senate action is awaited on two labor bills which have received favorable committee reports. One would deny unemployment benefits to workers added by a labor dispute between the same union and the same employer in a different plant. The other would prohibit picketing by a union or organization not representing a majority of the workers.

SHORT SNORTS — Sen. William Shireman has proposed that \$1.5 million be spent for a State Department of Health building in Austin. Killed by the House was a bill to permit the state to build boat-launching and parking facilities on lakes and streams.

Co-Op Hassle

LA. Gov. Ben Ramsey and Atty. Gen. John Ben Sheppard are at opposite sides of what promises to be a long and involved legal battle over rural electrification.

Ramsey is attorney for the co-ops. Sheppard has filed a suit to determine the authority of an REA to serve residents of Gilmer, Texas.

Tax Bills Pending

Deadline for introduction of new bills in the Legislature arrived at midnight Friday. It found a wide variety of "big" tax bills out of which the House may choose its selection of \$35 million in new money for general purposes—and a possible \$45 million for highways.

Administration-sponsored were the Murphy two-cent gasoline tax increase and the Kirklin one-cent cigarette tax increase. Neither has been set for committee hearing.

Heard by committee and sent to sub-committee was Rep. Jerry Sadler's \$3.00 per barrel beer tax. Other top tax bills included:

1. A bill by Rep. Curtis Ford to apply the ghost store tax to filling stations.

2. Rep. Jerry Sadler's \$350 million-a-year one-cent processing tax on gasoline and condensates.

3. A constitutional amendment by Rep. Robert Fulton, to raise a billion dollar permanent school fund surplus by added taxes, one-fourth to one-cent on gas and one-half cent on oil, and increases in other natural resources.

4. A constitutional amendment by Rep. Jerry Sadler and Rep. M. C. Bell to require statewide voter approval of any new tax before it becomes effective.

5. Rep. C. D. Kirkham's proposal for a "road use" tax on trucks.

6. Revenue Chairman Stanley Stone's omnibus revision of the tax code, with the gasoline and cigarette increases included.

7. Rep. Robert Patton's "added value" bill on manufactured goods, estimated to produce \$20 million a year.

8. Rep. Charles Sandahl's bill for a three-percent levy on radio and TV sets.

9. An indirect revenue producer, Rep. J. E. Walling's "anti-waste" minimum price bill for natural gas, estimated to add \$20 million a year to income from the present tax.

SHORT SNORTS: Herbert C. Petry, Jr., of Carrizo Springs was appointed to the state highway commission, succeeding R. J. Potts of Harlingen.

E. Harold Beck of Texarkana and J. M. Patterson, Jr., of Austin were named members of the Board of Control.

Latest pay raise talk calls for a hike of 10 percent on the first \$20,000 annual salary of all state employees, increasing the salaries of the three railroad commissioners from \$19,000 to \$20,000 a year, and increasing the minimum retirement benefits for teachers to \$100 monthly.

Building of the Dallas-Houston, Dallas-San Antonio privately financed toll roads will not stop the highway commission's plans for developing free highways between the same terminals, says E. H. Thornton, Jr., chairman of the highway commission.

A bill to prohibit the sale of merchandise below cost was introduced by Rep. James E. Cox of Corsico.

TROOP 66 REPORTS

At its regular weekly meeting Monday Troop 66 worked on knots and compass and played the game of "Sleeping Pirate."

A camp will be held Friday, March 25. Boys wishing to go should be at the Christian Church at 5 p. m.

Alan Hanks and Bill Dreiss have been chosen as the "Scouts of the Month" for the months of January and February.

BAKE SALE

St. Ann's Altar Society will have an All Day Bake Sale at Cooper's Market on Saturday, March 26.

Mr. and Mrs. Robert Young of Lubbock spent Sunday in the home of Mr. and Mrs. Clyde McElroy. Mr. Young is a cousin of Mrs. McElroy.

Workshop To Be Next Week At West Texas

Two short operas of different periods and different settings, but both comedy, will be presented March 31 and April 1 by the Opera Workshop at West Texas State College. Both productions are scheduled each night at 8 o'clock in the Education Auditorium.

Directed by Royal Brandley, the two operas are "Gianni Schicchi," Puccini's 19th Century "opera buffa," laid in Florence, Italy, and "Sunday Excursion," a contemporary work by Alec Wilder, depicting a Sunday train ride by four college students of 1938.

Admission will be \$1.00 for adults and 50 cents for students and children. Tickets will be on sale at the WT music department. William A. Moore, assistant professor of speech, is stage director for the operas, and William O. Latson, assistant professor of music, has prepared the orchestra. Miss Matilda Gaume is rehearsal accompanist.

In the "Sunday Excursion" cast are Patricia Lewis, Berger, as Alice; Lotus Root, Hereford, as Veronica; her friend, Allen Greer, Phillips, as Marvin, a college boy; Walter Brown, Locena, as Hillary, his friend; and William Huebner, Amarillo, as Tim, the Candy Butcher.

Cast for "Gianni Schicchi" include John Butler, Vega, as Gianni, a scheming lawyer; Peggy Bain, Plainview, as his daughter, Lauretta; Kathleen Huber, Amarillo, as Zita, the old woman; Keith Guede, Muleshoe, as Rinuccio, Zita's nephew, in love with Lauretta.

Others are Fayaway Murphy, Dimmitt, as Gherardo; Betty Dean, Amarillo, as Nella, his wife; William A. Moore, Jr., as Gherardino, their son; Gene Murray, Childress, as Benito; Don Bauer, Tulia, as Simone; Paul Callett, Carrollton, as Marco; Joanne Hill, Wray, as La Cieca, Marco's wife; Eugene Hill, Canyon, as Master Spitelocchio, a physician; Grady Davis, Earth, as Amanda di Nicolao, a lady; David Whitley, Pampa, as Pinellino, a shoemaker; and Byron Gammage, Plainview, as Guccio, a dyer.

"Rope" To Have Final Showing

"Rope," a three-act suspense drama, with plot laid in London and based on an American "thriller-killing," closes tonight at 8 p. m. in the Branding Iron Theatre at West Texas State College. The show was also presented Monday and Tuesday nights.

Sponsored by Alpha Psi Omega, national dramatics fraternity, and directed by Betty Jo Mills, Booker senior, "Rope" features a one-room set, with a cast of nine. William A. Moore, director of dramatics at WT, is assisting Miss Mills.

Admission is 75 cents for adults, 50 cents for students, and 25 cents for children. Reservations for tonight's performance may be made through the WT speech department, phone 5-3781.

One role of the drama is double-cast, with Letha Fedric of Stratford, and Pat Starr of Amarillo, playing alternately the role of Linda Arden, fiancée of the victim. In other major roles are Bobby Vandergriff, Canyon senior, as Brandon; Jerry Williams, Canyon, as Charles; and Jim Perkins, Berger, as Rupert Cadell.

Others in the cast are Buddy Knox, Canyon, the butler; John Welton, Pampa, as Raglan; Eugene Hill, Canyon, as Sir Johnston Kentley; Margaret Houston, Pampa, as Mrs. Bebenham.

Kick-off Coffee - - -

(Continued from Front Page)

ference in what our library will have to offer.

People who want to donate may do so by contacting any member of the committee or telephoning the Chamber of Commerce, 5-3201, and explaining that you would like to make a contribution.

Members of the library committee are Mrs. Tony Dewey, Mrs. Frank Morgan, Mrs. Joe Gibson, Mrs. Lee Fanning, Milton Morris, Truett Hall, Mrs. Levi Cole, Bill Wilson, Charles Donnell, Dan Sanders, Mrs. Clyde Warwick, Roland Black, Mr. and Mrs. W. E. Miller, Mrs. Boone McClure, Mrs. Robert P. Jarrett, Mrs. I. F. Soelle, and Mrs. T. H. Knighton.

Members of this committee are to contact 25 people for a contribution. They in turn will ask that each of these persons contact 25 others to give the campaign a snow-balling effect.

Mrs. Cooper said that she hoped everyone who donated a book would write his name inside with a note that it is for the drive in order that an accurate count of the books may be taken.

Several other persons, besides committee members, will be invited to the kick-off coffee on April 4. Two of the guests will be County Judge Roy Joe Stevens and Commissioner Pat Baber.

The soil, like Freedom, is not appreciated until it is endangered. — The Land Renewed, by William R. Van Dersel and Edward H. Graham.

Accuse not Nature! She has done her part; Do thou but thine. — John Milton.

Rotary Film Shown Tuesday at Lunch of the Local Club

"The Great Adventure," a picture showing the work and growth of Rotary International, was shown Tuesday at the Rotary Club luncheon.

Sixteen Rotary Anns were present to witness the picture.

Gus Miller, coach of the Buffaloes and four senior members of his co-championship basketball team were guests. The four seniors are James Scott, Harold Robinson, Bill Clifton, John McClure.

From Amarillo came W. F. Perkins, Jess Pate, Allen Shaw, E. C. Wagner, Paul Fowler, J. J. Sanders, Tom Cartwright, Allen Early.

Bill Hunter of Dimmitt, president of the student union, expressed his appreciation for the aid of the club in running the affairs of the student body this year.

H. E. Fulton, Jr., passed the cigars in honor of his new daughter.

President Frank Morgan announced that \$800 was taken in at the basketball game Saturday night. A number of tickets had not been turned in. He urged all members to attend the Club Assembly at 7:30 o'clock Thursday.

Miss Mary Moss Richardson sent the club a beautiful bouquet of flowers in appreciation of the work being done.

The film was lost in transit, and the Amarillo Club furnished the film, "The Great Adventure," which was shown.

Carlos Romulo, former president of the Philippines: "We (America) and her allies cannot win the fight alone. We need friends and we need them in Asia."

100 Piano Students Will Compete Here

More than 100 area junior and senior high school pianists are expected Saturday at West Texas State College for the third annual Piano Competition-Festival. The event is sponsored by the WT department of music.

Students entered in the competition are classed as advanced and less advanced high school musicians and junior high school players. Solo and sight-reading performances will be given for judging, and certificates of ratings will be awarded.

Judge for solo performances is Keith Wallingford, professor of music at the University of Oklahoma; and Truman Hayes of Panhandle A&M College, will judge sight-reading.

A luncheon for visiting teachers and guests will be held in the Blue Room of the cafeteria.

Students competing will be from Levelland, Canyon, Amarillo, Happy, Hereford, Tulia, Dimmitt, Dumas, McLean, Pampa, Texhoma, Seminole, Crosbyton, Tahoka, Foltz, Gruver, and Panhandle.

P. J. Neff Elected Superintendent Mountain View, Ark.

Word was received this week by relatives in Canyon that P. J. Neff had been unanimously elected superintendent of schools at Mountain View, Ark., effective July 1.

Mr. Neff is a graduate of Canyon High School and took his A.B. and M.A. degrees from West Texas State.

Around the Town . .

(By Mrs. Clyde M. Marwick)

This month of March is an important month. Nearly every month of the year there is a drive for funds for some worthy cause, but in March we have three, the St. Joseph Children, the Red Cross, and the Library Fund. The St. Joseph Children and the Red Cross are national while the Library Fund is local, but all three are of great importance to our way of life. We would not want to live in a community that did not care for its destitute or without funds to do so—be grateful that you are the one that can help.

Mr. and Mrs. Robert Williams have a new son, Stephen Terrell. He is the grandson of Mrs. and Mrs. Hester Thurston, pastor of the Methodist Church of Balham and former pastor of the Methodist Church of Canyon.

Mrs. Kay Campbell is improving from her recent surgery. Her two daughters have been with her. Mrs. A. F. Kinsinger of Brownsville and Mrs. S. E. Buckmaster of Oklahoma City.

Mr. and Mrs. G. L. Coleman have had as their guest over the week-end Charles E. Cain who is retiring from the police force of Kansas City Mo. after serving 20 years. Mr. Cain was a member of the first organized basketball team of Kansas State College at Manhattan, Kansas, and when the college dedicated its new stadium in 1950 they honored this first team; all but one of whom were able to attend.

HELP A CRIPPLED CHILD WALK. USE EASTER DOLLS.

Mrs. Carl Anderson has returned from Temple where she underwent surgery and is doing fine.

Mr. and Mrs. A. F. Bennett left Saturday for Vernon where Mr. Bennett will be in a clinic for his asthma. They expect to be gone two or three weeks.

Mr. and Mrs. Bud Hickman expect to move into their new home in two or three weeks. It is a red brick on the highway to the Fair Drive Park, and has a combination den and kitchen and a combination living room and dining room, three bedrooms and two baths. The Hickmans have three children at home, Sara Jo, Michael, and Pat.

Mr. and Mrs. Aubrey L. Crossland are building a new home at Third Avenue and 20th Street. It is to be finished at a light four-story and will have an office for Mr. Crossland, a combined den, kitchen and utility room, all in one large room which Mrs. Crossland says she hopes will give enough room for their two sons, Kenny 7 years old, and Billy, 5 years old, to play at. The home will have two bedrooms, living room, dining room and two baths. The Crosslands hope to move to their new home at about six weeks. They are now living in the College Park. They came to Canyon in 1949 and Mr. Crossland is with the Agricultural Department of W.T.C.

Mr. and Mrs. Ed Winkles are building a new home at 1307 Fourth Avenue. It is a six-room house with two baths and combines the kitchen and den, dining, one large room, and the rest of the house. The house will be finished in a light brown brick. Mr. and Mrs. Ed Winkles came to Canyon in 1952. Mr. Winkles is with the City Engineer Shop and Mrs. Winkles teaches the seventh grade in the demonstration school. They have one daughter, Johnny, who is a junior in high school. They expect to move into their new home in about three weeks.

Don Cowart, manager of Fair

Drive Park, made a trip down in this state and brought back a dozen of those little Mexican burro that are so popular today. Mr. Cowart says he will keep most of them for children to ride when they come to the park, but a few are for sale.

Mr. and Mrs. Jack Hughes bought one for their children, Martha, 6 years old, and David, 4 years old. David, who is an ardent fan of Ray Rogers, named the burro "Trigger" after Ray Rogers' famous horse. Trigger stands about 24 hands high and has ears about as big as he is with the longest tufts you ever saw. They are about half as large as a teaming. Trigger is gentle and is enjoyed by all the children of the neighborhood.

Mac Bellah, who has been stationed at San Antonio, will leave in about six weeks for service in Japan. Mrs. Bellah and their six weeks old son have not decided what they will do yet.

CHILDREN WHO ARE CRIPPLED TODAY CAN BE HEALTHY ADULTS TOMORROW. IF YOU WILL HELP—USE EASTER DOLLS. THE FUTURE OF HUNDREDS OF CRIPPLED CHILDREN LIES WITH THE EASTER DOLLS. ALL OF US CAN GIVE OUR CRIPPLED CHILDREN A NEW LEASE ON LIFE BY CONTRIBUTING TO THEIR WELLFARE TODAY. HELPING THEM ON THE ROAD TO HAPPY, USEFUL LIVING.

Isma Angel, who lives at 1305 Third Avenue, has a tubercle that has grown so large she would like to divide it. Does anyone know whether it can be divided? If so, will you call Isma and tell her how to do it. Isma says the tubercle is 20 or 30 years old and blooms every year. One year when it was in bloom, one of the small neighbor boys were playing on the Angel lawn and Isma told them when they went home to tell their mother the tubercle was in bloom and for her to come see it. The boys told their mother, "Isma's hot tubercle is in bloom and she wants you to come right away and see them!"

America's latest Billion Dollar industry is at astounding rate to those of us who live on the Plains. It is the boating industry.

In 1954 according to the Associated Press, sales of private motor craft totaled a sum of one billion dollars. And they are expected to increase this figure in 1955. Americans have taken to water.

The laws of opportunity are for poor. The person who can find a way is prevented from doing their fair will make a quick million. England is now doing research work on this very thing. Let's hope they find it. Their machine they will be able to pay up some of what they owe. Another thing. The person who can remove or prevent the brown spots that annoy women on the backs of their hands, will make a big sum. These two things that do not offend the health, but do annoy, would bring in a real sum to the person who could find a way to prevent or cure them.

In Saturday's morning paper came this news: Dr. John Kabin of Chicago brought himself international fame which promises to be followed by quite a fortune in breaking two patents for chemicals Dr. Kabin used a new drug intended to improve circulation. It was called their hair to grow where it hadn't been growing for years. But how potent this drug is as a hair grower will show a complete checkup. Dr. Kabin has recently been appointed the director of a hair research department of a United States organization. Leads me to wonder if men used their heads more would they keep their hair?

Christ and Lazarus. "Jesus said, 'Take ye away the stone.' John 11:28. 'Christ could have done it on His own.' But had them roll away the stone and Lazarus would not have died. And so it is that you will find. When you remove it God your trust. There still is effort that you must continue in and strive and plan. And to the very best you can. While God will lead, direct and guide. There's much that you too must provide." —Julien J. River

Robbie Controls Are Ineffective in State

WILSON: Rabies control measures currently in force in Texas are ineffective, the State Department of Health said today.

The department said a study recently conducted by Bureau of Laboratory officials reveals "current control measures have proved ineffectual in eliminating rabies from the state's dog populations."

"But," the department added, "mortality statistics indicate these controls have been effective in preventing human cases of the disease. Only 25 human deaths have been reported in the period between 1944-1952."

Rabies statement work in Texas should be in the hands of local authorities, the health agency pointed out.

"Although there has been considerable fluctuation in the number of rabid dogs from year to year, the overall state level of infection has remained consistently high."

"Remedial measures have not been uniformly or consistently applied. Under the stimulus of a sharp increase of animal rabies, most cities have enforced existing ordinances providing for compulsory vaccination and the collection of stray animals. But with a decline in incidence, municipal ordinances have frequently been only perfunctorily enforced."

The effectiveness of a control program in a given city is limited "without county-wide cooperation," the department said.

Complicating factors in dog rabies control have been the marked increase in rabies in wild animals, particularly foxes and skunks.

"Only three rabid foxes were recovered by the department in 1954 and they were all from a single county. In contrast, 100 rabid foxes were submitted from 23 counties last year."

The department said it felt the solution to the problem of wildlife rabies is the "employment, on a permanent basis, of skilled predatory animal trappers by either state or federal government to insure that fox and skunk populations are kept below the level necessary to support rabies in epidemic form."

A bill passed during the special legislative session last year authorized commissioners courts in counties of over 800,000 population to regulate dog numbers outside the boundaries of incorporated cities during rabies epidemics.

However, since the bill applied only to Harris County it is felt current session should amend the act to include any county in which rabies is a public health problem.

Cheating at Solitaire Is Compared Driving

Have you ever chuckled at the fellow who cheats at solitaire? If you have, you'll probably be interested in the views expressed by E. B. Rooper, chief safety engineer and president Texas Safety Association, as he discusses the know and obey traffic laws program which the Texas Safety Association and the Texas Department of Public Safety is conducting in cooperation with the National Safety Council.

Mr. Rooper says, "Many of us despise the cheating solitaire player's tactics when we drive in traffic—stealing through a stop light, driving a few miles over the speed limit or otherwise disobeying traffic laws."

"Traffic laws are made for our protection and we're obviously cheating ourselves when we disobey them," Mr. Rooper said. "And what's more, our irresponsible conduct also exposes everyone else on the road to danger."

Those of us who excuse our recklessness by saying we only disregard traffic laws when it's safe to do so come in for a special word of advice.

"We're just kidding ourselves when we come up with that idea," Mr. Rooper said. "It's never safe to disobey traffic laws."

He explained that traffic laws are made after careful studies by traffic engineers and enforcement people and that there's expert thinking behind the placement of traffic signs and signals.

"Here's an example," Mr. Rooper said. "You may be driving along a residential street, and because there is no traffic at the moment, you may think it isn't necessary to stay within the posted limit of 20 m.p.h. Suddenly a little girl bounds out in front of your car. Her life depends on how fast you can stop. You didn't know it, but there are many youngsters living in the neighborhood and the people who set the speed limit were providing for just such an emer-

NEWS LETTER

FROM CONGRESSMAN WALTER ROGERS
OF THE 16TH CONGRESSIONAL DISTRICT

Made in the Wilderness

The continued trend toward federal control makes those of us who have constantly fought centralized government feel that our may be a "voice in the wilderness."

However, there is a hard and unyielding group in the Congress who will continue the fight until the bitter end or until success crowns our efforts.

Our ranks have been thinned to some extent during the last few years, but the true test will probably come during the session of Congress if some of the legislation now pending is brought to the floor for a vote. I shall not attempt to explain any of these bills because the space available for this newsletter is wholly inadequate to touch the surface.

I do warn the people to watch with a wary eye pieces of legislation that are represented to you as being very beneficial for your particular group or interests. What is happening is simple this.

The obvious concessions to be gained by a particular group are pointed out and shown up by propagandists for the purpose of selling the bill of goods. In the merchandising business it can be called "puffing one's wares." This puffing is done by the lobbyist representing the group and being paid for his services. He knows what his group wants and moves forward to get it. But, he fails to tell the people the price that is being paid.

The Constitution of this country recognized that the success of the Democratic form of government depended upon the government being close to the people. Our forefathers recognized that a centralized government in Washington could not be close to the people because of the great diversity of economic pursuits available to people in a land so richly endowed as ours.

They realized that if this land was governed from a central point, whether it be Washington, New York or Denver, it could not be a democratic form of government but must be an autocrat government of either monopoly or slavery, either of which would make economic slaves of the people. For various groups who are seeking legislative favors are daily asking for the passage of laws that

jeopardy as this."

Mr. Rooper urged Texas drivers not to cheat themselves by disobeying the law.

"It may be fun to fool yourself at solitaire," he said, "but it can be just plain fatal to fool yourself at traffic."

actually circumvent the intent and purposes of the Constitution and would move this country and our people into that central federal control that you and I know must lead to socialism.

Do not misunderstand me. I am not talking about any one particular group, because I can show you proposed legislation from many groups, rich, poor and intermediate, who are deeply sincere in what they are asking for but who obviously fail to realize the price they are offering to pay.

Let us all remember with every right there is a responsibility. When you are told that you will gain certain things, never fail to ask about the price you are paying.

Russian Rifles

My good friend, J. C. Phillips, of Rogers who is one of the best communist watchers in this country sent me an advertisement the other day which offered Russian army rifles for sale. I immediately conferred with the Department of Justice and the Treasury Department concerning these firearms.

I recently received a communication from the Arsenal and Ordnance Division of the U. S. Treasury Department, who has jurisdiction of the particular situation, concerning the importation of Russian army rifles. This communication disclosed that the Pasadena Firearms Company of 827 E. Colorado Street, Pasadena, Calif., imported 1,000 Mosin rifles (Russian, caliber 7.62 mm., from Spain under U. S. Import Permit No. 541, dated June 18, 1954. These guns were a portion of the rifles captured from the rebels in the Spanish Revolution and were offered to United States arms dealers for several years.

The Department advised me that this company is owned by Alvin D. Gertler. The advertisement furnished me by J. C. Phillips had been placed in the magazine by the Golden State Arms Corporation. The Treasury Department advised me that this company had obtained the firearms when it had offered for sale in December of 1954 from the Pasadena Arms Company. The Golden State Arms Corporation was also owned by Alvin D. Gertler.

The letter concluded that the Treasury Department had found no violation by the Golden State Arms Corporation. I have some other information on Russian Army rifles that is very interesting and that I am going to run down. It seems that there are quite a few of these in this country.

The South Will Rise Again

It seems as though the South has risen too many times in one particular place in this country. The story here is that in a certain New York night club the owner has forbidden the orchestra to play either "The Eyes of Texas" or "Dixie" even though the Governors of all the Southern states might be present. The reason: The last four times the stirring strains of these southern favorites came from the orchestra pit, the owner had to refund the establishment completely.

STORMY NAMES

Despite protests, and no offense intended, girls the Weather Bureau has announced that it intends to use girls' names again this year to label hurricanes along the East Coast. The names to be used will be: Alice, Brenda, Connie, Duane, Edna, Flora, Gladys, Elida, Iona, Janet, Katie, Linda, Martha, Neddy, Orva, Peggy, Quenna, Rosa, Stella, Trudy, Una, Verna, Wilma, Xania, Yvonne, and Zelda.

WEE WEE WEE WEE

A newly married couple were entertaining and among the guests was one whose conduct was rather flippant. At supper he held up on a fork a piece of meat which had been served him, and in a vein of attempted humor, remarked, "Is this pig?"

"To which end of the fork do you refer?" asked a guest looking most sitting at the other end of the table.

Suffering from Fever

These are the times which try men's souls—or soon will be. About this time of year an epidemic strikes CHS students unmercifully. It's the dread disease, spring fever.

A yawn, a heavy-eyed stupor, and finally an extreme case of slumber are the symptoms of this chronic malady which attacks the victim during his most vulnerable period, the final six weeks.

Caution! There is no known cure. Preventive measures for this seasonal sleeping sickness are: (1) Correct papers during weekends. (2) Schedule assignments and activities in advance. (3) Set aside definite study periods. (4) Be prepared for any emergency. (5) Make a will.

Late in April and into May a furious blizzard of final exams, corrections, notebooks, last-minute assignments, book reports, semester themes, and back papers blast the student body from all quarters. Amid the snowdrift of paperwork a multitude of social functions materialize while the hours in a day soar beyond the regular 24 hour mark.

If you want to save aspirin and wear and tear on the brain cavity take a cue on the house and get now the daily dozen in the way of math, English, science, and all other subjects which exercise the mental equipment up to date.

Did You Know That

HINTS

1. Become interested in other people, their habits, and their interests. This is a necessary step in becoming unselfish and thoughtful of others. They will notice this trait and appreciate it.

2. Smile: To show interest and enthusiasm you must be friendly and ready to understand. There is nothing more deflating than to be in a good humor, and to have someone react to your jokes with a dead-pan smile. Always make your smile sincere; a mask can easily be detected.

3. Remember also that a person's name, to him, is the most important word in the English language. When you meet a friend, mention his name. Let him know that you distinguish him from all others.

4. Be a good listener. A person can talk best about his main interests and feels more sure of himself when talking about them. Encourage others to talk about themselves. "To be interesting, be interested." Always talk in terms of the other man's vocabulary.

5. Make the other person feel important. Everyone feels superior to you in one way or another. You will gain a friend's confidence by letting him know in some subtle way that you are aware of his superiority.

Printed below are some things that have been around for some time, but are seldom looked at in this way.

When you come flying up to school at 8:44, you probably skip the 12 steps at the front entrance. A one way trip from the bottom to the top floor consists of 47 steps. That is, unless you take two at a time as about half of the enrollment does.

The high school has 21 classrooms, two gymnasiums, and an auditorium. Some interesting numbers can be taken from these rooms. For instance, there are 25 typewriters, 84 seats in the study hall, 9094 books in the library, and, to top it all, there are 65 leaves on Mrs. Sanders' ivy plants.

Students spend a lot of time looking for their one of 322 lockers, and listening for the 16 bells that ring each day.

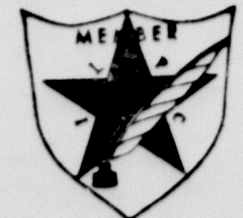

Six Emperor penguins, taken in Antarctica by the crew of the USS Atka, will be presented to the National Zoo at Washington, D. C., which is now without any.

Big Ford plant is ready to operate in California.

'Strictly Formal' Play Thursday and Friday

You will be rolling in the aisles when you see the senior class play, "Strictly Formal," to be presented March 24 and 25. Those Red Longfellows and White Ladies cause a lot of trouble and some pretty hot arguments, but all's well that ends well and a miracle straightens things out. To wrap things up, Mr. Ahern and Mr. Cutler become old buddies again and the future looks brighter. Left to right are Dovie Keene, Mrs. Cutler; June Davis, Josie Tilton; Barry Clark, Mr. Ahern; Ken Kuykendall, George Ahern; David Miller, Mr. Cutler; Jo Warren, Mrs. Tilton; Ellen Johnson, Jane Cutler; and Martha Jones, Sally, Jane's best friend.

Menus

Wednesday, March 23: Hamburgers, cabbage-pickle dressing, tomatoes, onions, buttered rice, ice cream, and milk.

Thursday, March 24: Chicken, dressing, celery sticks, English peas, bread, butter, fruit jello, and milk.

Friday, March 25: Pinto beans, cabbage slaw, canned tomatoes, spinach, corn bread, butter, peanut butter, cookies, and milk.

Monday, March 28: Meat balls, spaghetti, tomato sauce, green beans, bread, butter, apple cobbler, and milk.

Tuesday, March 29: Irish stew, crackers, pineapple cake, and milk.

Top Ranking Seniors Take Aptitude Test

Seven of the highest ranking NHS students of Canyon High School were given a general aptitude test March 22 in order to help determine the winners of the annual NHS scholarships.

Those taking the test were Barry Clark, Lucy Hollabaugh, Peggy Sheets, Nancy Adecock, Alice Brotherton, June Davis, and Bettie Glanton.

March 22nd was the date set to give all top ranking NHS students in the United States a chance at the scholarships which total \$10,000. Composing this are five \$500 free college scholarships, 30 \$200 free college scholarships, and 30 \$50 awards.

The general aptitude tests do not determine scholarship winners; tests determine the list of highest ranking students from which the scholarship board will select 65 individuals after considering the candidates' school-community records and needs for financial assistance. On this scholarship board are five nationally known school administrators for the National Association of Secondary School Principals and the National Honor Society.

Sophomores Hold Swimming Party

Members of the sophomore class had a splashing good time at a group swimming party held Tuesday, March 15, from 6:15 p. m. to 8 p. m. in the West Texas State College indoor pool.

In addition to swimming, volleyball, basketball, and ping pong contests were added features of the evening.

Judy Newman presented gifts of appreciation to 11 couples of deserving room parents. Sophomore room parents who received various milk glass pieces are Mr. and Mrs. Herschel Coffee, Mr. and Mrs. W. T. Robinson, Mr. and Mrs. M. J. Newman, Mr. and Mrs. J. W. Fain, Mr. and Mrs. L. E. Gum, Mr. and Mrs. E. A. Michael, Mr. and Mrs. L. W. Brotherton, Mr. and Mrs. Pat Britain, Mr. and Mrs. L. K. Bolton, and Mr. and Mrs. J. A. McDonald.

To climax a gala event, refreshments of ham, pimento cheese, and chicken salad sandwiches, potato chips, Fritos, pickles, pops, and ice cream were served to sophomore class members, room parents, and sponsors.

Mr. Don Briggs, and Mrs. Clara B. Long are class sponsors who supervise all sophomore activities.

Student of the Week

Alby Ann Kuehler, a sparkling versatile senior, is an active FHA member who is applying for her State Homemaker Degree. If Alby receives her state degree, she will attend the state FHA convention to be held in Galveston on April 22-24.

As first semester co-editor of The Eagle's Tale staff, Alby becomes engrossed in writing or typing stories in preparation for the weekly school edition. Alby is copy editor of the yearbook, Soaring Wings.

Alby takes an active part in NHS and 4-H, being the present 4-H president. Previously she has played on the volleyball and basketball teams. In 1954 she was elected Smile Queen of CHS.

This fall Alby plans to enter West Texas State College and study homemaking.

Juanelle Burrus, senior favorite, takes an active part in FTA, and the annual staff. As supply manager of Soaring Wings, she is kept busy supplying the staff with equipment and helping to compile the yearbook. Previously, she was a member of FHA and the choir.

Juanelle's favorite subject is homemaking, and basketball is her favorite sport. In her spare time, Juanelle attends basketball games, or reads an interesting book.

In addition to school activities,

Juanelle is regular in attendance at the First Baptist Church, and is a member of the Young Women's Auxiliary.

After receiving her diploma this spring, Juanelle plans to enter West Texas State College and major in business.

Letters of Love

To Ralph:

Sincerely, don't you know that I love you? I'd do anything for you, please say you'll be mine. If I give my heart to you will you handle it with care? I know that hearts made of stone will never break, but please say you'll be mine. Once in awhile won't you try to give one little thought to me though someone else may be nearer your heart. This is my love song to you.

Let me go lover, (sigh).

To Eugene:

I understand just how you feel, but I met the cutest little eye-fell, so I'm moving on to greener pastures where the Meandering stream sings the love song of the water-fall. If we're going to make a break, let's make it clean. Whither thou goest, you will be only a blue mirage to me.

I've let you go, lover (bye). (This heartbroken melody of love was overheard by a bugle-cared reporter on The Eagle's Tale staff.)

Peterson calls much defense thinking obsolete.

Seniors Produce Sparkling Comedy

Let us hope this does not happen to you, but mumps, peonies, visiting cousins, and irate fathers all try in vain to keep our dreamland heroes and heroines from attending the Junior-Senior Prom in the senior play "Strictly Formal" to be presented in the high school auditorium Thursday and Friday, March 24 and 25, beginning at 8 o'clock each night.

The cast for the three-act comedy is as follows: Jane, who has no date for the dance, Ellen Johnson; Sally, her best friend, Martha Jones; Agnes, the maid of the house, Helene Meyer; Andrew Cutler, Jane's father, David Miller; Nettie Cutler, her mother, Dovie Keene and Alice Simms; Mr. Ahern, a neighbor, Frank Kimbrough and Barry Clark; Jim, Sally's boy friend, Charles Joyner; Rose Tilton, who gets the mumps, Alice Brotherton; Mrs. Tilton, her mother, Jo Beth Warren.

Josie Tilton, her kid sister, June Davis; Elroy, who likes to put the shot, Joe Dickerson; George, whom Jane is sweet on, Ken Kuykendall; Marcia, a triple threat from New York, Peggy Sheets and Rhea June Ford; Cindy Collins, a girl with ideas, Gladys Leseberg; Marilyn, who is "after" Elroy, Lucy Hollabaugh; and Lt. Bob Cunningham of the Air Force, Foster Parker.

Directors for the play are Mr. Waylon Carroll and Mrs. Dan Sanders, class sponsors, and Mrs. L. H. Brotherton.

Between acts the audience will be entertained by a girls sextette singing "Hearts of Stone" and "The Naughty Lady of Shady Lane." The girls in the sextette are Ann Moore, Rita Neal, Alice Simms, Laura Morris, Ruth Ann Bolton, and Carol Brasher. A boys quartet will sing an old vaudeville tune, "Brush Up Your Shakespeare." Those in the quartet are Al Myers, Ray Green, Larry Hungeate, and J. R. Devin. Ray Green will sing "Melody of Love."

Admission will be 75 cents for reserved seats and 50 cents for general admission.

One Act Play Is Given in Contest

"Grandma Fixes Things," a one-act comedy, was presented by CHS students in the Interscholastic League one-act play contest March 18. The contest was staged at the WTSC Branding Iron Theatre.

Winning honorable on the All-Star cast were Theora Cosby and James Tabor.

The play, which was given to the high school assembly, dealt with the visit of a remarkable grandmother to the home of her daughter and the amusing manner in which she solved the big problems of each member of that family.

Presenting the 33 minutes of

Staff Completes 'Soaring Wings'

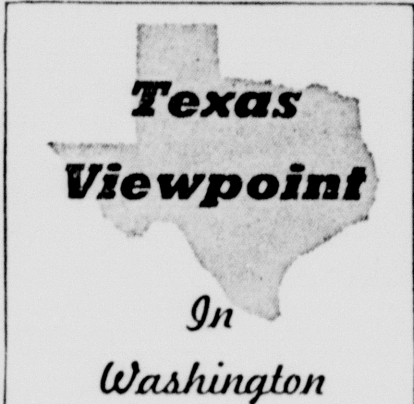

At last the 1955 edition of Soaring Wings has been completed! Throughout the 1954-55 school term, the annual staff has been a busy group, preparing lay-outs, arranging for photographs, selling ads, and mounting pictures. Early in May their efforts will be rewarded. Two hundred and ninety editions of Soaring Wings will arrive complete and ready to be enjoyed by the student body.

The annual staff and the Art II class worked jointly for the first eight weeks of the school year to develop attractive layouts for the yearbook. After completing layouts, the staff began publication plans in order to comply with the different deadlines. At four intervals, 32 pages were due ready for publication at the Steck Publishing Company in Austin. The final deadline was March 14.

Members of the 1954-55 staff were: Nancy Adecock, Charlotte Crain, Alice Simms, Alby Kuehler, Ann Moore, Ruth Ann Bolton, Don Duncan, Ray Green, Barbara Shepard, Virginia Walker, and Juanelle Burrus.

Mrs. Nora Gilmore, staff sponsor, and Miss Claudia Neelley, art teacher, supervised the yearbook activities.

light humor was the following cast: Theora Cosby as Granny; Karol Johnson, Granny's daughter; Charles Conatser, Barry; James Tabor, Brocton; Billy Partridge, Mr. Baker, Brocton's father; Virginia Walker, Mrs. Baker; Theresa Mickey, Lenore, the granddaughter in love with Barry; and J. R. Devin as David, Lenore's brother.

By PRICE DANIEL
U. S. Senator

The big debate in Washington this week has been about taxes. It arose over the bill to extend present corporate and excise tax rates for another year as recommended by the President. Everyone realized the necessity for this extension, but the House added a tax reduction amendment effective January 1, 1956, in the form of a \$20 tax credit for each taxpayer and dependent. Democrats in the Senate supported a similar type of tax credit but with a "balance the budget" feature added.

The Administration cried "politics" at the Democratic effort to provide now for future tax relief. It is true that "politics" has been at the root of this fight, but it has not been all on the Democratic side. The Republicans clearly indicated that they would offer some type of attractive tax reduction proposal next year just before the elections. That is one of the main reasons that the House Democrats decided to sponsor their type of tax reduction now even though it would not be effective until next year.

The President's Mistake
If President Eisenhower had stayed firmly behind his campaign pledge to balance the budget and stop deficit financing, the present tax fight would have been avoided. A great majority of the Democrats in Congress would have agreed that no further tax cuts should be made until the budget is balanced. However, the President made the mistake of recommending tax cuts and adjustments especially attractive for corporations and business interests last year in spite of an unbalanced budget, and then again this year, in his "state of the Union" address, the President said maybe we could cut taxes more next year. He seemed half joking, or at least amused, as he leaned over the rostrum and predicted an election year tax cut.

It is the writer's opinion that both political parties are making a mistake in thinking that small tax cuts are more attractive to the voters of this country than a balanced budget. Our mail indicates that most citizens, including those with low incomes, think that they will be served best by stopping the inflation caused by deficit financing, and most of them think we should stop piling up additional debts for our children and grandchildren to pay.

Deficit Financing

Long before coming to Congress, your Senator has opposed deficit financing by both State and Federal Governments. It was a pleasure to have a part in passing the "pay as you go" amendment in Texas which has kept a balanced

budget in our State most of the time since its adoption. Except for the 10% tax reduction which went into effect automatically this year, I have opposed other tax reductions until the Federal budget is balanced.

Our national debt exceeds the total national debts of all other nations combined, and it has been my view that we should not increase this debt short of total war. At present tax reduction or new government expense will be made on borrowed money to be repaid some day with interest by ourselves, our children or their children. That is also one of the reasons the writer voted against the recent salary increase for members of Congress. They were wholly justified, and tax cuts are wholly justified, but some of us think they should come not as part of increased deficit financing, but only after the budget is balanced. That is why Senate Democrats provided for balancing the budget as part of our future tax reduction proposal.

New Texas Appointments

Last week two more Texans were appointed to highly important posts in Washington. Dillon Anderson, who was reared in McKinney and has practiced law in Houston with Baker, Botts, Andrews and Sheppard, has become a member of the staff of President Eisenhower. He will be Special Assistant to the President for National Security Affairs.

Weldon Jones of Farmersville, Texas, has been nominated by the President to become a member of the United States Tariff Commission. He attended Baylor and the University of Texas and has been in government service for many years, part of which was in the Philippine Islands where he served as Acting High Commissioner on several occasions.

Albert Gore, U. S. Senator from Tennessee: "All nations may now be approaching the treatment of nuclear weapons which they gave to the use of poison gas after World War I."

If, at first, you don't succeed try and try again. Then quit. There's no use being mule-headed about the situation.

Wedding Date Set

Miss Delores Jean Masters, daughter of Dr. and Mrs. Bert Masters of Canyon, will become the bride of Michael Allen Larkin April 23rd at the Joseph A. Hill Chapel on the campus of West Texas State College. Her fiancé is in the Army, stationed at Fort Bliss. He is the son of Mr. and Mrs. Charles Larkin of Hondo, Texas.

UMBARGER 4-H CLUB HAS MEETING TO DISCUSS DRESSES

The Umbarger 4-H Club met in the school house March 15. Evelyn Hoffman presided at the meeting and the girls were reminded to keep their records up to date in everything. Nearly all of the girls got their materials and patterns for new dresses.

After the business meeting the club's adult leader, Mrs. Hoffman, gave a talk on keeping the clothing records and the importance of color in each girl's personal life. When the talk was completed, some patterns were laid out and cut. Some of the techniques involved in making a gathered skirt were discussed.

The girls are planning to help with a talent show for all 4-H Club girls and boys of Randall County. Tentative date is set for May.

Identification of shrubs was also studied at the meeting. The next meeting is set for April 19 at 2 o'clock.

Mr. and Mrs. Davis Hill of Galveston, returning from a meeting of the National Education Association in Denver, stopped off in Canyon for a couple of days with Davis's parents, Dr. and Mrs. J. A. Hill. Davis is superintendent of schools in Galveston.

Engaged

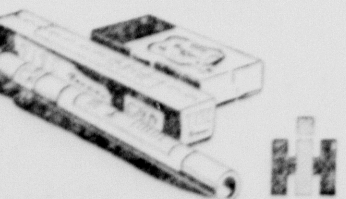

MISS NANCY WALBERG

Mr. and Mrs. W. R. Walberg of Happy announce the engagement and approaching marriage of their daughter, Nancy, to Melvin Smith, son of Mr. and Mrs. O. A. Smith of Canyon. The vows will be exchanged May 26.

Bufs To Play Strong Teams Miller States

The lineup for next season's Holiday Doubleheader basketball program at West Texas State College was announced Saturday by Coach Gus Miller.

Miller made the announcement from Kansas City, where he spent the week attending the NCAA tournament and the National Basketball Coaches Association convention.

Visiting teams for the fourth annual Doubleheader will be Idaho State, a two-time NCAA tournament competitor; Hamline College, and Murray State College of Kentucky.

Miller said next year's Doubleheader will feature matched games, rather than being a tournament as was the past season's twinbill.

In addition to the Doubleheader program, Miller announced that the Buffaloes will take a trip through the South next December. Starting with the University of Texas at Austin on Dec. 1, the West Texans will meet Baylor at Waco on Dec. 2, Centenary at Shreveport on Dec. 3, Mississippi Southern at Hattiesburg, Miss., on Dec. 5 and Loyola of the South at New Orleans on Dec. 7.

The Texas team will play a return game at West Texas State's beautiful new fieldhouse on Feb. 2.

There also is a possibility that Western Kentucky and Oklahoma A&M will be lined up for the West Texas home schedule, which figures to be stronger than at any other time in recent years.

"I think we made a lot of headway toward lining up a major schedule," Miller said.

"Indications now are that we'll be able to line-up Baylor for a home game in 1956, and we are in the process of building our trip for that season which will include a swing through Kentucky for games with Murray and Western Kentucky and other teams of that caliber," the Hall of Fame tutor of the Buffaloes revealed.

The Hamline and Murray clubs next year figure to be among the strongest in the nation. Murray had a fine record this year and next season will have nine of its top 10 players back. Hamline's fine sophomore club which played in the Doubleheaders in 1953 will be seniors next term and, like Murray, is expected to dominate play in its area.

The Texas squad will be the second Southwest Conference team to appear on the West Texas home schedule in as many years. Texas A&M lost to the Buffaloes this past December to be the first Southwest Conference team to play in the new fieldhouse on the Canyon campus.

WAYSIDE H. D. CLUB MEETS WITH MRS. JAMES BIBLE

The Wayside Home Demonstration Club met with Mrs. James Bible March 17 at 2:30 p. m. The president called the meeting to order and the group read the club creed. The secretary read the minutes of the last meeting and called the roll. Each member answered with "A thing I need help on."

The program was lighting in the kitchen with Miss Lill in charge.

Those enjoying refreshments were Mesdames Melton McGhee, Leroy Roberts, Floyd Adams, Henry Hamblen, E. J. Mahler, C. D. Rogers, Paul Wetzel, A. J. Newsum, Durwood Creek, and Bill Allen. Mrs. Lester Bryan, mother of Mrs. Bible, of the Fairview community, was a guest.

Next club meeting will be at the school lunch room with the subject being "Using the kitchen effectively." The leader will be Miss Lill, assisted by the 4-H Club girls. April 7 is the date and 2:30 p. m. is the time.

T. E. Beard, manager of the Co-op at Olton, left Sunday for a regional meeting in Denver. He will return to Olton after a four day session. Mrs. Beard stated that he has been coming home every weekend, but will not likely be able to come this week.

Mrs. Charles McDonald and son of Midland spent the weekend in the home of Mr. and Mrs. Bryan McDonald, to visit with her daughter, Mary Gail, who is staying with her grandparents to attend school here.

Dr. Grayson Kirk, president, Columbia University: "It is time for the American people to cry both to the fanatics of right and left 'a plague on both your houses.'"

Robert B. Carney, Admiral, U. S. N., Chief of Naval Operations: "Russia has a vast naval building program, evidence that she does not contemplate a short war."

Harry S. Truman, former President: "The United States shirked its duty to the world in 1920 and World War II was the result."

The age of the universe is now put at 4,800,000,000 years.

U. S. combat troops abroad now total 1,370,000.

VFW Auxiliary Names Officers

Mrs. Calvin Stephens is the new president of the Women's Auxiliary of the Lucius Penick Post No. 5661. She was elected at the general election of officers at the clubhouse Thursday night, March 17.

Other officers elected at this meeting included Mrs. James Risner, first vice-president; Mrs. Doug Loudder, second vice-president; Mrs. C. E. Clark, treasurer; Mrs. Johnnie McBroom, conductress; Mrs. L. D. Hunnicutt, guard, and Mrs. O. A. "Boots" McBroom, appointed secretary to Mrs. Stephens.

Two of the members were selected to serve as chaplain. Mrs. P. M. Wilson and Mrs. E. C. Penick. Mrs. Wilson was also given the post of historian and will also serve as chaplain when Mrs. Penick is not present.

The four color bearers of the Auxiliary are Mrs. Irene Hicks, Mrs. Barbara Wirt, Mrs. Eutha Hamblen, and Mrs. Mary Hutchin-

son. Mary Trtoch is the flag bearer and Mrs. John Hardaway is the 1955 banner bearer. The patriotic instructor is Mrs. Luke Miller, and the 1955 Auxiliary musicians are Doretta Boehning and Dorthie Hunnicutt.

Elective officers are president, senior and junior vice, treasurer, conductress, and guard. Other officers are appointed. Selection of these office holders was made at the time the other officers were elected.

The meeting was concluded with refreshments of coffee and cookies being served by the Auxiliary. The next regular meeting will be held April 7 at the clubhouse, northwest of town.

Waurine Walker, president, National Education Association: "The teacher wanted sign is going to swing idly in the breeze of every town and city if present complacency continues."

Edith Evans Asbury, writing on "Problems of the Aged:" "One in every 12 persons in the United States is over 65 years of age."

Buff Intrasquad To Be Played on Monday, April 4

A full intrasquad game, matching the first and second teams, will close spring football drills at West Texas State Monday night, April 4.

Coach Frank Kimbrough, who reached the halfway mark with a scrimmage Saturday afternoon, said the spring game will start at 8 p. m. An open house of remodeled Buffalo Courts, home of West Texas athletes, will be conducted between 6:30 and 7:30 for "Exes" and friends.

"Our offense looks better than it has in a long time," remarked Kimbrough when queried about team chances next fall. "Our passing has looked especially good."

Three big reasons the Buffs' offense has been a bright spot in drills are Joe Walden, Ron Mills and Jack York. Mills and York, freshmen backs who saw a little action with the varsity last sea-

son, have been impressive at the quarterback slot and Walden, 175-pound junior halfback, has made tremendous improvement both on offense and defense.

In the line, Coach Kimbrough singled out Phil Wright, 230-pound guard, and Joe Brooks, 185-pound guard, for fine work so far and showing promising signs of improvement.

"Our defensive work has been poor to date," added Kimbrough, who will be in his ninth season at West Texas next fall. "We will spend a lot more time on defense during the remainder of spring workouts."

West Texas will open a nine-game schedule with Corpus Christi University in Buffalo Stadium Saturday, Sept. 17.

Mr. and Mrs. T. S. Stevenson returned Sunday from Phoenix, Ariz., where they visited in the home of their daughter, Mrs. Fred Jennings, Jr., and family.

Mr. and Mrs. A. B. Berry spent Sunday in Wheeler visiting in the Farmer Hefley home.

Cooper's, Young's Win Bowling Match

Monday night Cooper's Market met Fritz's Gulf Service team and took three games. High bowler in the match was Fay Bosley of the Cooper's team. Her score was 179. High score for Fritz's team was 137 chalked up by Betty Hicks.

Young's Drive-In team won three games from the Canyon Drug team. High score for Young's was a whopping 201 racked up by Zula Culwell. Ruth Shero's 176 was high score for the Canyon Drug team.

Mr. and Mrs. A. M. Cunningham and Mrs. Billy Cunningham left last Wednesday for Los Angeles, California. They will visit with Billy Cunningham for a few days before he leaves on overseas duty with the armed forces.

Mrs. George Howard and daughter, Ellen Dale, of Shamrock visited over the week-end with her parents, Mr. and Mrs. Silas Hart. Mr. Howard and Larry Pat came after them Sunday.

APPLIANCES-GIFT SHOP
PHONE 5-2525 CANYON, TEXAS**

EAST SIDE OF SQUARE

AUSTIN: Many Texas children and adults die each year from fly-borne diseases. Typhoid fever, tuberculosis, summer complaint, cholera, and intestinal diseases frequently resulting in death follow closely in the trail of the common housefly.

days are required to complete the life cycle. During her lifetime of several months, one housefly lays from 600 to 1,000 eggs. Thus, it can easily be seen that in a season which usually begins in the spring of the year, the descendants from one fly number countless of thousands."

To eliminate flies, Dr. Holle said the breeding places must be destroyed. As flies breed in filth, manure piles, garbage, and other organic filth furnish the requirements of warmth, moisture, and food necessary for the propagation of the fly. Flies should be kept from contact with food or drink or utensils in which such food and drink are prepared and served. Likewise they should be kept from access to privy vaults where they pick up the infections, which they later spread to humans by contact with the food and drink, and by unwashed hands and utensils.

"See that your windows, doors, and porches are screened so that the stray fly from some careless neighbor will not endanger your family. See that your grocer keeps meat, vegetables, and fruit screened from flies."

Walter P. Reuther, labor leader: "I fail to find any evidence for confidence in the continuation of even the present modest pickup through 1955."

BEEF BRIEFS

Texas farmers are going all out this year to produce the highest per acre yields on cotton in the state's history.

The reduction of cotton acreage due to the government support program is bringing home to farmers the need to make every acre count.

In this move the goal is 300 pounds of lint cotton per acre. Only once before has the state made this kind of yield and that was right at the end of the War Between the States.

Wise use of fertilizer, insecticides and better farming methods will pay off this year, cotton experts point out.

A possible new use for the "useless" mesquite:

Researchers at the Texas Agricultural Experiment Station at Spur got two steers on a fattening test to eat eight pounds of finely ground mesquite chips along with two pounds of cottonseed meal, two pounds of grain and two pounds of molasses. A couple of other calves ate six pounds of cottonseed hulks with the same concentrates.

This experiment isn't completed yet but it bears watching.

Insects continue to do damage in grain fields over the state.

The oat mite and the greenbug are at work in many fields.

Parathion, malathion and TEPP can control these insects. County agents know the right amounts to use and will answer all questions on control.

Texas Beef Council officials will make a six-months' progress report at the annual meeting of the Texas & Southwestern Cattle Raisers Association in Dallas this week. Surveys among packers and retailers throughout the state indicate the program is on the right track, is definitely hiking consumption of beef in the Lone Star State.

The Texas citrus crop, which made somewhat of a comeback this year, isn't turning out as well as was expected, crop reports show. Production of oranges is placed at two million boxes, grapefruit at 3.2 million boxes.

The February freeze didn't do any damage and a good 1955 bloom is expected.

The Beef Council must be doing a good job in its beef promotion. The State Republican Party had a dinner in Dallas last month; charged \$100 per plate, served beef, sold 900 tickets. The Democrats followed with a dinner, could only get \$50 a plate for guinea hen, attracted only 600. Note to Texas Democratic leaders: how many votes did you get last August from the guinea hen industry?

Ever wonder what crop is grown in more counties than any other? It's corn, which is produced in some amount in every county in Texas.

Loss of Hat or Coat in Cafe Is The Owner's Loss

The sign over the coat rack read: "Not responsible for lost or stolen articles." John glanced at it as he hung up his coat and hat and then turned to assist Jean, his wife, is taking off her fur coat. He put it on a hanger beside his own.

The two of them drifted casually down the corridor into the dining room and were assigned to a table by the hostess. The lunch was exceptionally good and both were hungry. The minutes flew by. John glanced at his watch. "Golly, it's almost 1 o'clock. Better get going."

But when they got back to the coat rack, Jean's fur coat was gone.

"I'm sorry, sir," said the manager, "but we are not responsible for lost articles. We put up the coat rack for the convenience of our patrons, but that sign you see

makes you responsible for your own hat and coat. I'm awfully sorry, but we just can't watch everybody's possessions."

The fact is that in the case of Jean's fur coat the restaurant would not have been responsible for its loss even if there had been no sign. One who takes off a garment and places it on a coat rack, as one would do in a restaurant, retains the power of surveillance and control over it himself. Ordinarily, under such circumstances, the operators of the restaurant have no responsibility toward the customer's belongings because they have not knowingly received the exclusive possession and dominion over them.

The case would be different, however, where the coat had been delivered to an employee in a checkroom. In such event, the management probably would be responsible. So, also, in the cases where a customer checks valuables with a bathing house proprietor, or with a hotel desk clerk, or leaves his automobile with the parking lot attendant to be parked and stored for him, those receiving possession of the customer's property have the duty to use proper care to see that the customer's property is returned.

Happy School Has Flameproofing Job

Ray Parks of Amarillo has completed a flameproofing job on the Happy High School in Happy. This makes 48 schools in the Panhandle that have had this treatment. It has been demonstrated that this treatment renders wood flameproof to the extent that the wood will not support a fire. As a result of this flameproofing, the school will not only be completely fire-resistant but the state will give a new insurance rate with the result of a 15% saving on rates.

GETTING HER GOAT

Mr. Sass — But, darling, you've been talking for half an hour, and I haven't said a word.

Mrs. Sass — No, you haven't said anything—but you've been listening in a most aggravating manner, and I'm not going to stand it.

Buy, Build, Live in Canyon!

Final Call For 1955 Inspection

AUSTIN: With less than one month remaining in the current Motor Vehicle Inspection period during which motorists must get their autos inspected, Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, has issued an appeal to one-third of the State's car owners who have not yet complied with the law.

"There is less than one month remaining," Garrison said, "in which about one-third of the car owners in Texas must have their vehicles inspected if they are to continue operating them on the streets and highways."

Meanwhile, W. J. Elliott, chief of the Texas Highway Patrol, said that State Patrolmen would begin enforcement of the law on April 16th against operators of cars not bearing the 1955 approved inspection sticker.

"We are making this last ditch appeal," Garrison added, "for car owners to visit their inspection stations without delay if inconvenience is to be avoided."

Deals In Dirt

Editorial, American Medical Association Journal: "Banning certain types of television programs or comic books is an easy but superficial and hence fruitless answer to the problem of juvenile delinquency."

Mail order and chain store sales rose in January.

News In Canyon 25 Years Ago

(Taken from the files of The Canyon News of March 20, 1930)

The Chamber of Commerce and Rotary Club will hold a joint meeting Tuesday at noon.

Miss Emil Brewer of Memphis replaces Mrs. Bill Money as a member of The News staff.

A second linotype was added to The News plant.

A daughter was born to Mr. and Mrs. Warren Johnson.

The women of Canyon plan for a clean up day on April 2.

Mrs. C. R. Flesher was named census taker for the city of Canyon.

Tulia golfers defeated Canyon 11-8 Sunday.

Henry Ansley of Amarillo will speak to 250 dairymen of Randall county Friday night.

INDIA AND PAKISTAN IS TOPIC FOR NAOMI HARE CIRCLE WSCS

Naomi Hare circle of the Women's Society of Christian Service met with Mrs. George Hill Tuesday afternoon, March 15th.

Mrs. Piner Stevens presented the program on India and Pakistan. Mrs. George Hill lead the meditation on "The Study of Missions," taken from the fifth chapter of Matthew, verses 4 to 14. Mrs. Brotherton gave an interesting discussion of Pakistan, illustrating by maps and pictures, East and West Pakistan, the Moslem and Mohammed religions and the extreme illiteracy of the countries' inhabitants.

Excerpts were read by each member on established facts about India and Pakistan.

Mrs. Foster talked on the topic, "Our Bit of the Road," concerning the inefficiency of food and medical care and India's Hindu religion.

At the business meeting a committee was named by Mrs. Velton Sogee, the chairman, to plan a date for a visit from Miss Naomi Hare, the missionary from Peru, who is on furlough at her home in Hereford.

A committee was named to meet and complete the names on the friendship quilt blocks that the circle is making of the church members.

Next meeting will be with Miss M. Moss Richardson.

Lovely St. Patrick refreshments were served to 12 members by the hostess.

Canyon H.D. Club Activity Adds to Library Funds

Canyon Home Demonstration Club members sponsored a washer-dryer demonstration Friday morning at 9:30 at the Wirt Electric to help raise funds for books to give to the Randall County Library. A total of \$8.50 was raised for the library which means about two new books.

Wirt Electric gave the club 25 cents for each person present. Fifteen club members and 19 visitors were present. Refreshments consisted of Cokes and coffee supplied by Wirt Electric and served by Mrs. Wayne Wirt.

The Library Fund may still realize more money from this source. A club spokesman pointed out that if any appliances are sold as a result of this meeting, an additional amount of money will be donated to the club for the fund.

Three prizes were given. The door prize was an automatic steam or dry iron. This was won by Mrs. E. M. Myers. Beverly Brown, the young daughter of Mr. and Mrs. D. A. Brown, drew the ticket for this prize.

Two admission tickets were given for the Greater Amarillo Home Show. Mrs. Glenn Haynes was one of the winners of an admission ticket, her ticket being drawn by Lynn Watkins, young son of Mr. and Mrs. Ed Watkins. The other person to win one of these tickets was Mrs. Leland Graves. Her winning ticket was drawn by Gene Myers, young son of Mr. and Mrs. E. M. (Mutt) Myers.

TIMELESS WATCHES

Baltimore, Md. — Burglars who recently smashed a window of a jewelry store here and took three watches and three gold-plated watch bands, are probably wondering why the watches won't run. The reason is that the watches don't have any works — they were for display purposes only. And the watch bands? Well, they won't stay on because they are cut in the middle. They were just for display purposes, too.

Martin Dies, Congressman from Texas: "The only way we can make any headway against the Communists on conspiracy is to adhere rigidly to the American standards of justice."
